

legacy

red deer junior college

yearbook

## Dedication

*As Chairman of the Building Committee of the Red Deer Junior College, Mr. Robert Jewell has played a major role in the materialization of our new college.*

*Born in Nanton, Alberta, Mr. Jewell was raised and educated in Calgary. For three years, he served Canada as a Staff Pilot in Training Command in the Canadian Air Force. He has contributed much to the community as President of the Red Deer Branch of the Red Cross and as a member of the K-40 Club.*

*Mr. Jewell has contributed greatly to the field of local education. He has represented the School Board on the College Board and for five years was Trustee on the Red Deer School Board.*

*We consider it an honor to dedicate our Legacy to a man who has served our community so well at all levels of education.*

## In Honor of:

Mrs. Lillian Scott was born in Calgary. When a child she came to Red Deer, where she now resides.

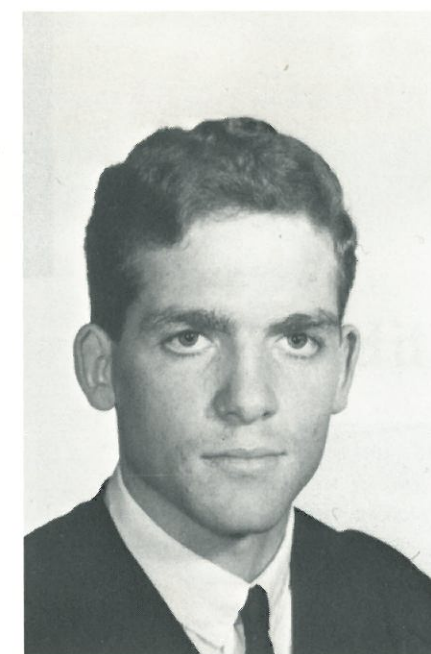

Her interests include gardening and golf in the summer, and skating in the winter. She enjoys sports such as tennis, skating, and badminton. Mrs. Scott has been active on the executive of the School Business Officials of Alberta, the Red Deer Branch of the Canadian Cancer Society, and the Board of Managers of the Knox Presbyterian Church. She is also a member of the Red Deer Personnel Association.

Mrs. Scott's greatest contribution is as a member of the Red Deer School Board. She began with the School Board in January, 1947, as a part-time worker. In 1953, she became a full-time employee. The Board has undertaken an extensive building program, including the Vocational School, and the administrative duties of the Composite High School.

A Provisional Board of the Red Deer Junior College was formed before the Board proper was formed in 1963. Mrs. Scott was secretary of the Provisional Board and secretary of the Board proper until a full-time secretary was appointed in July of 1966.

We consider it an honor to have Mrs. Scott as a member of our community, and wish to thank her for her contribution to the Red Deer Junior College.

## In Memoriam

Brian Cunningham

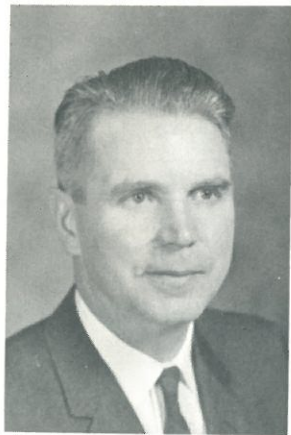

Dear friend, far off, my lost desire,  
So far, so near in woe and weal,  
O loved the most, when most I feel  
There is a lower and a higher;

Known and unknown, human, divine;  
Sweet human hand and lips and eye;  
Dear heavenly friend than canst not die,  
Mine, mine, forever, ever mine;

Strange friend, past, present, and to be;  
Loved deeplier, darklier understood;  
Behold, I dream a dream of good,  
And mingle all the world with thee.

# The Administration

Mr. G.H. Dawe  
Chief Executive Officer

Mr. J. Masson  
Secretary-Treasurer

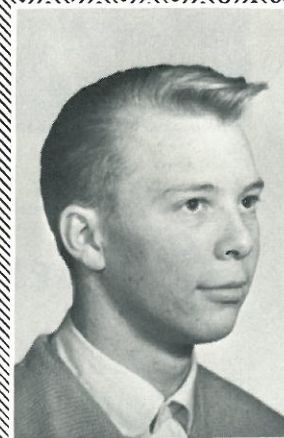

The third issue of the *Legacy* comes in a year which is not only auspicious for the Red Deer Junior College, but also for our country.

Our new campus is now in the advanced stages of construction, and the move to these fine quarters should take place before the end of the year. The College Board, and its Building Committee, composed of Mr. Jewell, Mr. Cookson, Mr. Wilson, and Mr. Dawe are to be commended for their dedicated efforts which have culminated in the construction of a campus of which the citizens of Central Alberta can be justifiably proud. It is thus very appropriate, that this *Legacy* is dedicated to Mr. Jewell, Chairman of the Building Committee.

In this Centennial Year, our thoughts should be directed to rededicating ourselves to the service of our country. The first hundred years of our nationhood has been characterized by great achievement, as well as by formidable problems, such as national unity. If Canada is to meet successfully the challenges of the years ahead we all need to ask ourselves whether we are sufficiently conscious of our responsibilities as citizens.

P. Raffa  
Dean

## Editorial

"The heights of great men reached and kept  
Were not attained by sudden flight,  
But they, while their companions slept,  
Were toiling upwards in the night."  
... William Wordsworth

The realization that it takes great effort to achieve greatness is a very important point in the life of a university student. The College's motto, "Ad Augusta Per Augusta", holds true because great things are done by great effort.

I wish to thank the Yearbook Staff and Advisor who helped me bring the third edition of the "Legacy" to you. We have tried our best to bring to you some future memories and it makes me proud to be a part of the staff this year. I want to wish everyone the best in the future and hope that one day you will achieve the goals you have set for yourself.

## Students' Council

### PRESIDENT'S

Paul Hjartarson  
President

Student government has many functions but the key reasons for its existence can be found in our desire, as students, for democratic self-government and the experiences gained by us as a result of taking on responsibility, by initiating, organizing and governing our own activities. We have attempted, as a Students' Council, to provide a complete collegiate education experience taken in its

### MESSAGE

entirety. The Student Union program this year has been highly successful. This would not have been possible were it not for the large numbers of students who participated in the various student activities. I am sure I speak on behalf of all Council members when I say I am thankful for the excellent experience which I have gained, as a part of the Students' Union.

Our Advisor . . . .

*The key to our efficiency!*

arts

Gaye Abrey

"Momma Gaye" is the Common Room Councillor. Gaye spent many a winter evening timekeeping for our Kings and Queens. She likes piano music and cars without bucket seats. People who do versatile things are her favorite people. English is her major; her future plans are undecided. "Wild thing" also wrote for the Accent semi-occasionally.

Tom Austin

"Austintacious" is Vice-President of our Student Council and Honorary President of the Common Room Society. Tom thinks the Accent should be on the girls, not studies, and entered the cross-country to chase the beautiful college girls around. Tom's greatest contribution to the College was his revising of the constitution.

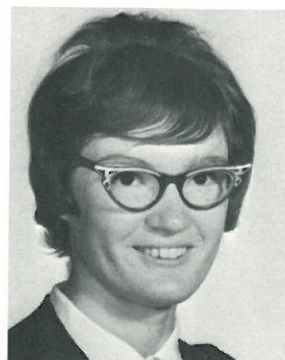

Wendy Bannerman

Wendy has the heaviest schedule of all the students. She puts in a 53-hour week, with eighteen hours in the classroom and thirty-five in the hall studying bonds. She is an Arts girl, majoring in History, with big plans to make money in the future. Now she settles for being the most loyal basketball fan.

Twila Burfield

Twila, an Arts student, is heading for a B.A. or a B.Sc. Her pet saying, "Blame it on Chemistry", is often heard in Chem. 230 lab. Twila likes pink, and dinners out. She never misses Bonanza, and likes the "7-Up" ad on T.V. College activities included the Dance Club and intramural badminton.

Bill Burris

Bill is from Lacombe, but has made his home in Parkland Towers (and so have half of the college). We couldn't have gotten the yearbook out without Bill's help as Advertising Chairman. Other activities include Culture 200, the Athletic Board, Badminton Club, and wasting time cooking, then eating raw burned food. His future plan is to kiss this year good-bye and then maybe go for an education.

Sara Cabelka

Sue is one of the "Schmidt Girls" and wouldn't miss the dill pickle ad on T.V. Most of all she likes magnanimous people and hot chilli. This Bentley girl who likes folk rock music and Peter, Paul and Mary, is a great basketball fan. An adept painter, Sue does not like cynical professors.

David Erickson

A trumpet player from Red Deer, "Joe" intends to attend the University of Calgary next year, perhaps to continue with his Psychology major. David is a columnist for the Accent and enjoys popular music, chevelles, and the color blue.

Laurene Fehr

This English major who was born in Grande Prairie intends to work for a year or so after College. Music, skating, swimming and giving up unnecessary hobbies are her hobbies. Laurene played basketball for the Queens and also participates in intramurals. Best of all she likes to know people with different views, like Billie Savage. "You gotta be kidding!" is her favorite saying and indecision is her pet peeve.

Marilyn Fuder

Marilyn is a Sociology major who would like to go into Social Work. After obtaining a B.A. at the U. of A. and a B.S.W. at the U. of Toronto, she would like to travel anywhere in the world. Piano, and skiing are her hobbies; mini-skirts her pet peeve. Marilyn is the Secretary on the Students' Council, a member of the Ski Club and a participant in intramurals.

Joanne Giesbrecht

Jo, born in Eckville and raised at Bentley, has hobbies of gymkhanas, sewing, and dance bands. College cramming is her pet peeve, but she enjoys any and all sports that she has time for. She is planning on getting married this summer, or at least that is what the ring on her left hand finger signifies.

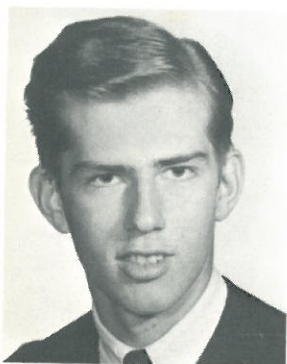

**Susan Gorrill**

This girl, who hails from Olds, likes filling out yearbook questionnaires along with horseback riding, drawing, and dancing. She participates in intramural tumbling and the Drama Club (the nursemaid to Billie). Susan's future plans are men and getting married--if that isn't enough she also wants to go to the U. of A., Calgary where she will continue to major in English.

**Don Harasym**

Don hails from Red Deer and is in the Faculty of Arts. He is a shy and studious lad, but enjoys discussing politics (Manning vs. Farthing for example). In his spare time, mostly weekends, Don catches up on his reading and who knows what else he catches up with!

**Paul Hjartarson**

"To heck with it, I quit", are the familiar words that come from the mouth of our President, "Pope Paul". He likes hockey, sleeping and of course his mini minor (the pregnant jellybean). Paul's future plans are to be fini with Geography 201 labs and to prove Donne was a prude. If time permits he'll work for his B.A., majoring in History.

**Wayne Hopp**

This Lacombe boy seems to enjoy apartment life especially well. Hum! I wonder why?--I mean why he takes aspirins Saturday mornings. Wayne is active in sports and is on the Athletic Board. He is taking Arts and hopes to become a lawyer. Then maybe he'll be able to defend himself for all his unexcused absences.

**Betty Karachun**

"Crazy legs", (as she has been called) describes this Red Deer girl who seems to like boys best of all. Betty takes part in intramurals (she even sprains her arms for basketball) and I.V.C.F. She is an Arts student majoring in English, but her future plans are uncertain.

**Jeanne Keeling**

This Red Deerite, who always smiles, is majoring in Psychology and hopes to go to Calgary next year. She enjoys playing the piano and being around horses.

**Linda Kumm**

"The harder I try to be gooder, the worser I get," is the motto of this Sociology major. Linda is most active in basketball and council work, although Culture 200 rates high on the list too. Her greatest ambition is to be married before she is eighty.

**Lynn Lance**

To become a Social Worker and join CUSO are Lynn's future plans; that is after she gets her B.A. in Sociology. Lynn comes from Ponoka and spends her time sketching, singing, and "would you believe" doing homework?!? She gets her greatest enjoyment out of life by simply being alive.

**Murray Lindman**

Our poet laureate, philosopher, and piano player, Murray is always ready with a poem or a pun. His favorite pastime is doing things that have never been Donne. Murray was active in the RDJCDCFIO (Drama) and I.V.C.F. A native of Sylvan Lake, he plans to go to U. of A. next year.

**Barbara Loucks**

A major in French, Barb's future destination is the U. of A. Edmonton. She enjoys skiing, cooking, and talking, but she is too shy to mention her notable achievements. (Ron!!!) "I doubt it"--a favorite saying, heh Barb?

**Jim Lowen**

Jim, who was born in Brandon and raised at Sylvan Lake, looks forward to (sometime) having love and money and time to spend them. His activities in the College include intramurals, being Secretary-Treasurer of the Ski Club and Layout Director for the Legacy. This History major was the smile for "Mr. R.D.J.C." and guess what--R.S.B. is really six foot three--he's slouching.

**Harry Moffet**

Another blue-eyed blond with some definite ideas (as follows). Where have all the flowers gone? To pot. Who has seen the wind? Mr. Bennett's Chem. classes. So much for definite ideas. Harry is also an incurable basketball player, an incurable joker, and an incurable.

**Marilyn Moore**

To see the world is the future plan of this Bentley girl--what?--not "marriage". Marilyn is an active worker on the Legacy and she also works hard at being one of the mischievous "Schmidt girls" (so that is where those posters went to!). She enjoys skiing, curling and food (bananas and ice cream at Joanne Giesbrecht's).

**Phyllis Murray**

A native of Didsbury, this Sociology major plans to become a Social Worker. She enjoys eating, spectator sports, and concerts and she takes part in intramurals. Phyllis works hard, but claims "You can't win them all."

**Isobel Anne McBlane**

From Bowden "Nancy" hails and she hopes to complete her B.A., majoring in English and then take Graduate Journalism at Carleton University. Nancy enjoys studying about oceanography, and collecting stamps and post cards, but dislikes conformists. She participates in intramurals.

**George McBride**

One of the most interesting things about George is his suite--very patriotic if you know what we mean. George says his greatest contribution to the college is skipping classes. He comes from North Vancouver and is an avid golfer, or at least he was until our intramural golf tournament.

**Mrs. Eileen McLaughlin**

"Pootsie", once of Edmonton, now from Red Deer, is now aiming for a B.A. with an English major. We remember one Culture 200 class she came to--but why did she never come back? Mrs. McLaughlin can usually be found with "Tootsie" Taylor and her gang.

**Janice Nelson**

Janice, who spends most of her time trying to get the "Accent" on the right syllable, also finds time for the Drama Club, painting pictures, writing poetry, and attending seances--in addition to English assignments. Originally from Provost, her future plans involve raising cats--being a starving artist. Her pet peeve is people who study.

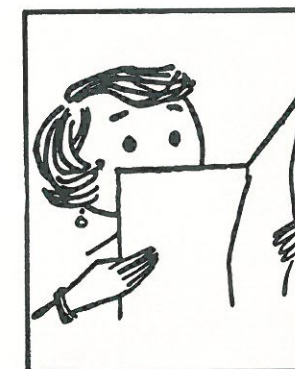

**Mary Newton**

Mary is an Arts student from Penhold. She intends to go to the University of Calgary next year, but she doesn't say what she wants to take. Her hobbies are curling and sleeping. Mary was an avid supporter of College intramurals.

**Ramona O'Brien**

Mrs. O'Brien, a nursing student, was taking English and Psychology at the College. The Legacy staff wish her the best in the future.

education

David Page

David's hobby is reading, perhaps in preparation for his future plan of writing the great Canadian novel. Other things that he enjoys are shrimp and saying "I told you so." His pet peeve is people who say "I told you so."! We hope that David succeeds at his major in History.

Marvin Roth

In the future this Psychology major hopes to be a Bible College professor. One of Marvin's contributions to the College is (I don't believe this) getting low marks to help scale up the class average. He might be heard saying "It's not what you do, it's how you explain it", while moving between classrooms or while listening to his favorite music. In Grade three his mongrel won second prize at a school pet show.

Billie Savage

Our very active Psychology major participates in the Drama Club, the Centennial Committee, the Literary Club, the Film Society and all sorts of other activities. Her effervescent sense of humor may be due to being born in Belfast, Ireland or watching Gail Thurston in purple bathing caps. Future plans include going to Europe, perhaps with her favorite 1955 Austin, but certainly not to hear any music by Burt Bacharach.

Judy Schrader

"Tough bananas!, I doubt it Ralph!, or Listen, boy!" what might be what Judy would say to her pet peeve, grumpy people. This sensible Bowden girl has decided that girls make the best daughters--any additional information only only for a price. Judy enjoys music, reading, horseback riding, talking, and best of all, people.

Colin Taylor

Colin, who was born in England, has future plans to write a metaphysical poem. His hobby is reading topographic map sheets! We expect that with a mind like Colin's he should go far.

Mariane M. Taylor

Mariane was born in Stettler and now lives in Halkirk. She hasn't settled on any definite future plans, but would like to attend university in California--could have something to do with our weather, maybe? Mariane was a member of the college basketball team and an active participant in intramurals.

Marion F. Taylor

Mrs. Taylor was born at Chelsea, London, England. Marion has two children, but finds time to take classes at the college and participate in numerous extracurricular activities. She is noted for livening up our lectures and keeping the classes awake. Marion states that her principal activity at the college was searching for a parking space.

Gail P. Thurston

Gail is an Arts student who hails from Saskatchewan. It's been rumored she is a lover of purple bathing caps especially. If there is anything you want to know about what is going on--ask Gail, she'll know. Her list of activities includes: member of the college cross-country and basketball teams, an avid participant in intramurals, Arts Representative on the Students' Council, plus having a finger in every other activity going.

Bill Wertzler

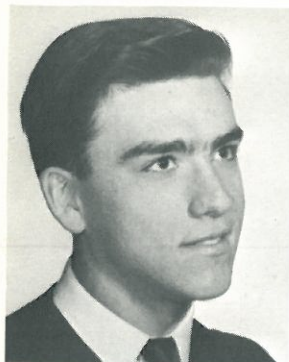

Fred, a Red Deer boy who bills himself as "tough & wiry", worked hard this year (on extracurricular activities). He was a member of the Centennial Committee, aiding it in its giant strides towards a Centennial project (one step forward, two back). As President of the Ski Club, he organized the highly successful Alumni Weekend Ski Party, and a weekend at Banff. He was an enthusiastic supporter of the Literary Club at its too infrequent meetings.

Where can you find the students on a mild winter night?

... At the basketball game of course!

David Babcock

We're proud to say we know Dave Babcock, he's done his job and he's done it well. Dave was a member of the College Centennial Committee, Drama Club and the I.V.C.F. His main interest was meeting the five o'clock bus from Edmonton on Friday afternoon.

Beatrice Benson

Beatrice was an education student who plans to obtain her teaching certificate and teach for the County of Red Deer. Her likable personality and disposition will make her well-liked by her pupils and co-workers. A farmer's wife she'll someday be, and a good mother and wife she's bound to be.

Shirley Benum

Shirley is out to obtain her teaching certificate with a major in History. She plans to enjoy life and travel a lot - until she finds a secluded spot. Then her teaching will be put to practice - working mostly to pay her taxes. Shirley was a member of the Queens' volleyball team and also was one of Red Houses' most active participant in house league action.

Georgia Blackmore

An inquisitive student in the faculty of Education, Mrs. Blackmore spent most of her time at the College delving into the finer points of her courses. Mrs. Blackmore plans to obtain her teaching certificate and teach in Northern Alberta. She was an active supporter of the College functions in the form of the Drama Club.

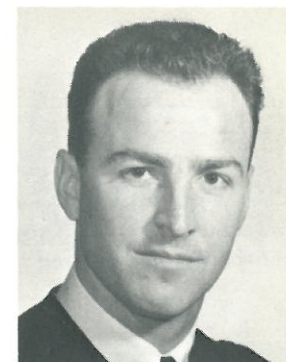

Jean Burgess

'Like husband - like wife' is a statement which can be applied to Mrs. Burgess. Following the vocation of her husband Mrs. Burgess finds herself in the Faculty of Education. She spent most of her College hours worrying about the upcoming exams which she managed to pass with good marks. Her wit and sense of humor will add many a cheerful moment to her pupils' class days.

Arthur Cairns

Arthur was born in Grand View, Manitoba and his home area is Red Deer. His major in the Faculty of Education is History and his future is Guidance. Arthur's pet saying is 'It is better to remain silent and be thought of as a fool than to speak and remove all doubts.' Arthur likes water-skiing and his pet peeve is people who use ashtrays for garbage cans.

Merry Dawn Carr

'Tootsie' as she is known to her friends is one of our shy students - except when someone mentions exams. As a future teacher her well-rounded personality will prove a benefit to her pupils. Merry Dawn hates sleepless nights and wishes to have her notable extracurricular activity remain a secret.

Jean Christian

This smiling, pleasant girl was Secretary of our Athletic Board and a member of the 'Queens' basketball and volleyball teams. Jean is an education student who plans to teach elementary school. Her pleasing personality coupled with her sense of humor will aid her in obtaining her desired goals.

Dave Clarke

A member of the College Drama Club, Dave is an education student coming from Olds. His future plan is to travel and he plans to start by visiting Expo this fall. He is an active 'Red' house participant in intramurals. Dave plans to be an educationalist but hopes to be an individualist.

Kathy Cornelssen

Kathy is an education student from Stettler who plans to teach at the Junior College level. Kathy was a member of the College volleyball team and was a columnist for the Accent. She seems to get a lot Dunn. She was also Treasurer of the Badminton Club.

Jo-Anne Corsiatto

Joey would like to be a Grade One teacher. At the moment she is satisfied with horseback riding, writing letters and enjoying long weekends. All the flowers have gone to seed is the decision of this Bowden girl who likes Jay and the Americans and the Dean Martin Show.

Beatrice Gauld

Bea participates in intramurals and for hobbies pursues curling, playing the piano, and reading. She hopes to proceed to Edmonton as a Math major. Her favorite things include CJCA, Wayne Newton, blue, and cars.

Deanne Dearing

A smiling English major whose hobbies are dances and ouija boards. 'Smiley' participates in the Drama Club (wholeheartedly) and is an Education Rep. on the Students' Council. Her past achievement is shooting Miller the Hawk.

Ted Griffiths

Ted plans to be a teacher which fits right in with his faculty. Travel is his hobby (but that's not the only interest he's got!). Ted belongs to the Athletic Board and was a member of the WICC canoe team.

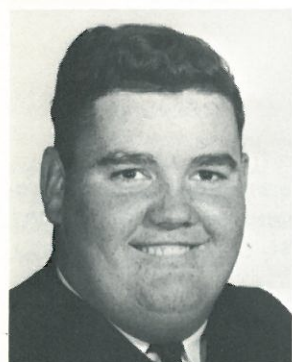

Margaret Donner

Margaret was born and raised in Innisfail. Her pet saying is "Keep trying, you'll get it sooner or later." She enjoys sewing, cooking and going home for the weekend. "What are we doing with all these questionnaires?" she wonders.

Edna Hamilton

Mrs. Hamilton, now from Red Deer and formerly from Dawson Creek, informs us that she is three years younger than her husband. Saturday mornings she does everything but plans to take a rest. She is an English major with a teaching future. Her favorite movie is "Gone With the Wind" and she used to enjoy "Seven Days".

Michael Dorval

"Bones" or "Santa Claus" - at Christmas time, comes from Castor and majors in History. He hopes to teach high school Social Studies, travel and teach in South America. Micky participates in intramurals and badminton, and contributes his sense of humor to the Accent. He is also Bulletin Editor and the College's biggest sports fan. "Fall on your head" or "Well, I guess hey!" are his favorite sayings.

Shirley Hansen

A resident of the Brownfield area and a Science major, Shirley has a future as a teacher. Her pet peeve is Chemistry which is her activity seven days a week. Favorite things--popular music, pink, and CHED or CJCA.

Sharon Empey

An education student who works hard on her Geography Labs, Mrs. Empey states her most favorite thing is her husband. Her interests include, golf, bridge, basketweaving, raising her family.

Cheryl Harris

Very undecided to her future, Cheryl does like music, piano, sleep and eating out. Best of all she likes Geography Labs!! Pet peeves are food and RCMP Recruits.

**Frances Hartt**

Frances is an education student who hopes to teach elementary school. A member of the I.V.C.F. being their Secretary, Frances also was in the Debating Club. She was an active participant in intramurals.

**Dorothy Hingst**

'Dot' is a History major who was born in Drumheller and is from Ponoka. Her future plans? Here they are, verbatim: 'A B.Ed. degree with hopes for a year of training at the University of Ottawa; a year of teaching in Prince Edward Island; two years in C.U.S.O. (hopefully somewhere in Africa); a walking tour of Europe; and finally a country home with lots of children. The list of what Dot likes best of all is endless but who she likes best of all could be answered more easily . . .

**Ellen Letniak**

Shy and quiet is our Ellen. An education student from Consort, Ellen hopes to attend U. of A. next fall. Her hobbies include horseback riding, cooking, and baking. She likes best of all her weekends spent at Canadian Union College in Lacombe.

**Dennis Long**

One of the "vulnerable", Dennis has these neurotic reactions - he feels that, after spending a suffering year at Lacombe last year what has he done to deserve this. He feels the College has one distinct advantage - "You really don't get to know a person until you've played cards with him." He never misses Badminton Club or Joanne. His ambition is still B.Ed.

**Delores MacIntyre**

Mrs. MacIntyre started raising her three children as her greatest hobby. An education student, majoring in English, she plans to teach after next year. She has worked very hard through her College year, and for her future we have no fear.

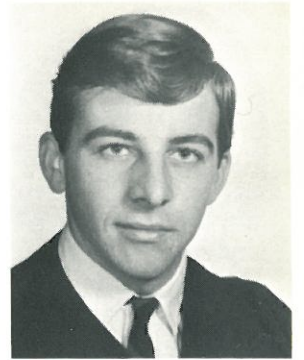

**Robert Mansell**

An education student from Red Deer who was one of R.D.J.C.'s most enthusiastic skiers. His pastime was driving his sports car to and from classes. He lists his favorite movie as "Sound of Music".

**David Marriage**

As R.D.J.C.'s most natural actor, David spends his time heading the Centennial Committee, working on the "Accent", cheering at the basketball games, and pushing all College activities. Dave was President of the College Drama Club and was male lead in the club's production this spring. As Dave himself stated, "I want to be the world's greatest actor but will end up the most historic ditch digger what ever digged a ditch."

**Marie Meehan**

A History major in the field of education, Marie has a personality that is envied by many and liked by all. Marie added many a bright moment to her fellow students when 'studies' seemed to get the best of them. Marie was Secretary of the 'Legacy' as well as an avid supporter of the numerous College activities.

**Sharon Meehan**

This future teacher spends her summers on the recreation staff at Deerhome. Sharon, who was Secretary of the 'Accent' also was a member of I.V.C.F. Her casual manner combined with her winning smile made her an added asset to R.D.J.C. Sharon states that her pet peeve was Physical Education and her favorite pastime is writing essays for assigned deadlines.

**Bill Miller**

This education student, majoring in Social Studies, is from the Rimbey district. He is married and has three children. His hobby is farming and he likes Geography best of all. He plans to attend the University of Calgary next year.

**Ann Morehouse**

An education student from Lacombe, Ann hopes to teach elementary grades. Her motto being "Quick, While You're Young" exemplifies her participation in numerous College activities. Ann was captain of the "Queens" basketball team and played volleyball and badminton as well. Her only drawback seems to be her choice of roommate for next year.

**Sandra Mullin**

Sandy, French major, Treasurer of the Students' Council, hates pyjamas with shamrocks. A terror on the basketball court, she was known as 'Boom Boom'. Her pet peeve is Micky Dorval. By the way who is Sam? She contributed a motto to the school 'You win some, you lose some.' Next year she is going to room with Ann - and study a lot??

**Arthur McDermand**

Mr. McDermand lives on a farm near Alix and commutes to and from classes each day. A Math major in the field of education, he hopes to travel and see the world. His hobbies include raising Aberdeen Angus cattle and chauffeuring boys to and from hockey practices.

**Darlene MacDonald**

Our Mrs. MacDonald we're sure to miss, her likable traits are too many to list. Her College days are near over, her studies - not yet. A teaching certificate is what she's out to get. And from the knowledge we possess, whatever she tries, she'll make a success.

**Mary Norman**

"Ben" is an English major who plans to attend the University in Calgary next year. She enjoys travelling, playing the piano, and participating in intramurals. Among her favorite things are green, CHED, the Sound of Music.

**David Poole**

Dave plans to get a B.Ed. with a History major. Then he would like to teach and travel. His hobbies are photography, badminton and judo. Other activities include intramurals and enjoyment of food, music, sleep, and getting good marks. "C'est la vie" he might say to shrug off annoyance at long Geography Labs.

**Janis Porter**

Our future elementary teacher swims, sews, curls, cooks, and gets peeved at stuck-up people. She participates in intramurals, the Legacy, and the Accent and also enjoys going for coffee after studying for fifteen minutes.

**Isabel Rees**

In the future she plans to be a wife and mother. At the moment she pursues ceramics as a hobby and her studies keep her too busy to be a sleuth collecting any additional information.

**Janet Rhodes**

Janet participates in intramurals, the Student Council and the Literary Club. Best of all she likes life and perhaps her hobby, sewing. Pet peeve? People who chew gum.

**THE COMPATIBILITY OF  
ARTS and EDUCATION**

*Judy Richardson*

*Judy is a History major who plans to attend the University of Calgary next year. Judy enjoys curling and volleyball. She was an avid supporter of House League volleyball. Judy says that the happiest day of her life will be the day she writes her last exam.*

*Mrs. Wanda Ritchie*

*Mrs. Ritchie is an education student who hopes to be teaching in Innisfail next year. Previous to attending R.D.J.C., Mrs. Ritchie spent eleven years teaching school in Eckville, Red Deer, and Innisfail. Her hobbies include reading, cooking and playing cards.*

*Jackie Robinson*

*The center on the Queens basketball team hails from Halkirk and plans to become an elementary school teacher. Jackie's notable past achievement was her 4-H trip to Montana last year and her notable future achievement will occur August 18. (Good luck, Jackie).*

*John Rogers*

*Jack is a major figure in the R.D.J.C. Drama Club. Interested in fine arts, he received a rousing hand for his performance and "dancing" demonstration in "Two Crooks and a Lady". Jack is an education student who comes from Havelock, Ontario.*

*Terry Schill*

*Terry is one of our notables from Sylvan Lake. He is often seen strolling our hallowed halls with anything but a reverend expression on his face. Terry's future plans include death, eventually, but everything else is left to the powers that be. Terry plans to see the world with Harry M. in the fall.*

*Leanne Schultz*

*"Shultzie-baby" - a blue-eyed blonde with a Romanoff nose, comes from Bashaw. She enjoys living life to the fullest as all her friends know: She is a curler, dancer, numismatist, and gold house captain. Leanne intends to get her degree, teach, and see the world.*

*Larry Slinger*

*Best of all Larry enjoys sports, especially hockey. Larry plans to continue university, but right now he is gold house captain and Vice-President of the Badminton Club. Larry's favorite color is blonde, he likes popular music and CHED, and may sometimes be heard to say "them's the breaks".*

*Robert Slocombe*

*Bob's hobbies are basketball, skiing, mountain climbing and collecting coins and pennants. "Cotton pickin'" he might say of uncleanness or untidiness. This Innisfail History major plans to become an ordained United Church minister, but meanwhile he participates in intramural sports, dancing and studying.*

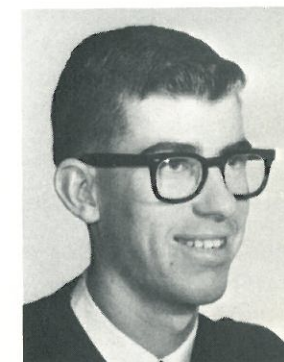

*Jack Sparrow*

*Jack plans to be the best teacher around. At the moment he is content with his hobbies--curling, hunting, shuffleboard, stock cars, travels and stock cars--and liking his wife best of all. He dislikes the misuse of mini-skirts, i.e., with leotards and being on fat girls.*

*Patricia Turner*

*Pat enjoys riding and horse shows, besides teaching swimming. "You're kidding!", she might say, if asked to get up too early. An English major, Pat wants to be a teacher--farmer.*

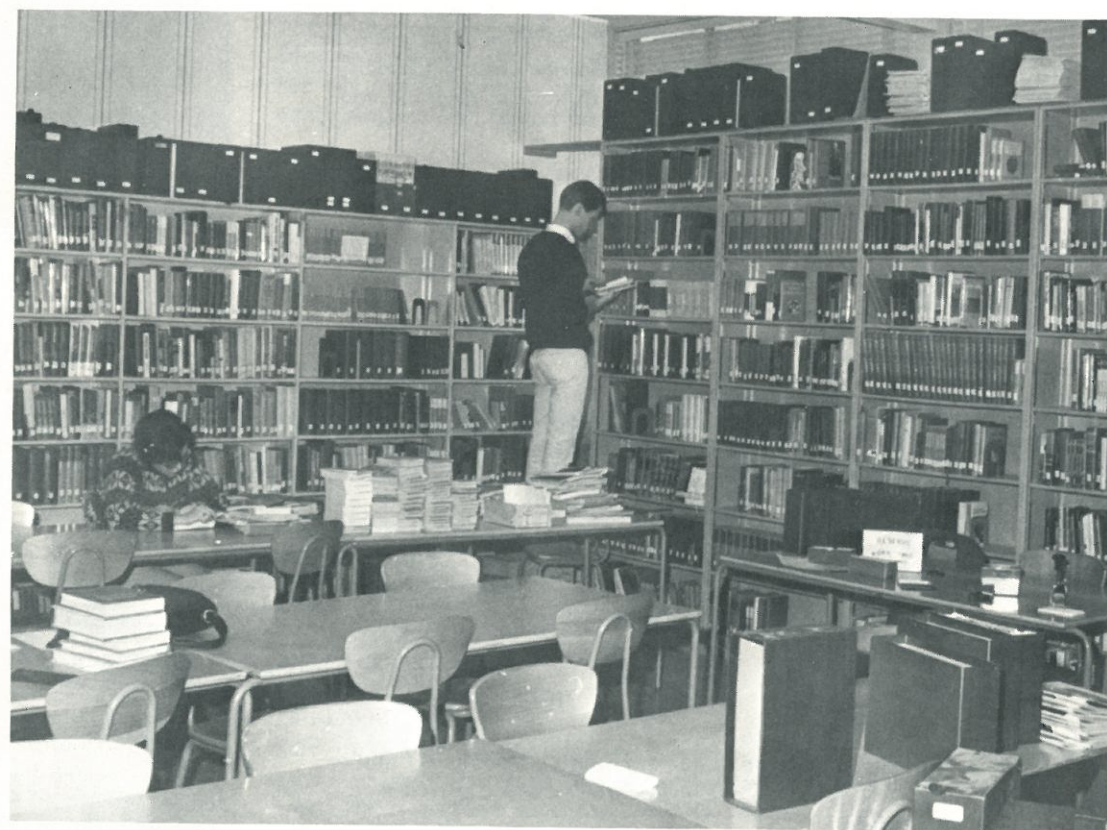

*Lloyd Watson*

*Lloyd, hailing from Delburne, is heading for a career in teaching Biological Science. He is active in the Ski Club and the Badminton Club. Lloyd enjoys listening to popular music on CHED and watching The Man From UNCLE. And thanks for the taped music at Laurene's party.*

*Roger Wyatt*

*Roger comes to us from Bentley. He is in the Faculty of Education and works hard at studying his majors, Math and History. "Rodge" doesn't appreciate people complaining about the weather, and enjoys fishing in rain or shine!*

*Educational Atmosphere*

science

**Bev Allen**

Bev, from Red Deer, an honors Chem. student, is known as the Bouncing Belle of Chem. 250. She has a passion for Bugs Bunny and food, not to mention Harv (pronounced with a drawl). Bev was active on the basketball and cross-country teams, and she is going to start studying - next Saturday. Next year you'll see her at U. of A.

**David Alton**

Dave is from Red Deer, in the Faculty of Commerce. He is going to be a Chartered Accountant some day, but right now he is more interested in skiing and leathercraft. He studies once in a while, but his pet peeve is writing essays for English 210.

**Lorne Austen**

**Marg Bayko**

"Marg", from Red Deer, is in pre-med. She was on the College basketball, cross-country, and volleyball teams and a member of the Badminton Club. Her pet peeve is Monday mornings, but she likes reading and music. Marg will go to U. of A., Edmonton, next year.

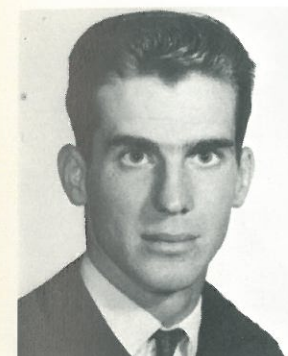

**Dave Beckman**

Dave, one of the poetic "Aggies", is our cross-country star of the year. It's not unusual to meet him in the hall talking about Anabell, saying "sure as grass" or singing "Let the Good Times In". His VW takes him home in time to see the "Bold" detergent commercials, and he'll probably end up as an "over-progressive, mixed-up farmer".

**Larry Bondy**

Playing on the Kings basketball team was a major activity for Larry. He was born in Windsor, Ontario, and as a Commerce student, plans to be a millionaire. Larry contributed the legs for Mr. R.D.J.C. Need we ask what he likes best of all?

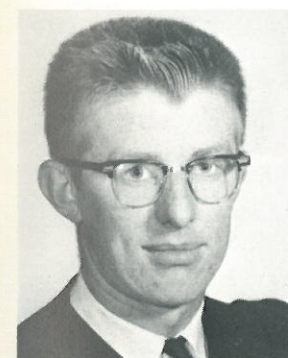

**Don Bos**

Don Bos hails from Lacombe, and is another of the Aggies. His future plan is to get married before he finishes university just to prove to Mr. Bennett that it helps the marks. He likes pool, Jim Reeves, CHED, and good farm food. Pet peeve--people who have tremendous pull with the profs.

**Gary Bruns**

A Bentley boy, Gary likes sports and money, but best of all he likes wine, women and song. (Don't Let Me Down). Future plans for this Chem. major are to finish university at Edmonton and then see the world. He likes the Bugs Bunny Show, and his notable past achievement is his '54 Chev.

**Gary Bysterveld**

Born in Stettler but now from Delburne, Gary intends to become a Chartered Accountant. His hobby is model airplanes, and his pet peeve is pool. Activities in the College include intramurals and classes.

**Don Cann**

Don is a Commerce student from Red Deer. In the future he plans to make the best of what comes along, and he is too amiable to get peeved. Best of all he likes his wife and family. Hunting, fishing, woodworking, and gold panning are his favorite hobbies. Don decided that College activities should include work, work, and more work, but Saturday mornings are for relaxing.

*Patricia Corrigan*

*Pat is a Phys. Ed. major whose future plans are to obtain a B.Sc. in Nursing at the University Hospital (Edmonton). She was a member of the cross-country team, and Arts Representative. Pat was also an enthusiastic intramuralist and a good-will ambassador to the Composite (by supporting their pen machine).*

*Ron Crowe*

*"Yee bet" is the favorite expression of this future multi-millionaire. Skiing is the foremost hobby for Ron, who is a member of the Ski Club. Ron is from Red Deer and majors in Commerce. His laughter has perked up many a "get-together".*

*Rick Daniel*

*Saturday mornings Rick recuperates. A teaching career seems the fate of this curling Biology major. Rick is a Science Representative and a member of the cross-country team. Pet saying--"I know hard work never hurt anybody, but I'm not taking any chances."*

*Tom Darling*

*Pierre le Puck II contributed fantastic marks to the College. He claims that "Aggies are bestest" (his major is Agricultural Engineering) and wonders what R.S.B. does in the Chem. lab since he put up his curtains. Soft music and red socks please him.*

*Ray DePalme*

*Ray is a great socializer who plays badminton and basketball, King style. He has black hair, brown eyes and a straight nose. That's all that he would say on the questionnaire, but anybody taking Chem. 230 has lots of tales about this Aggie, like the time Ray and Vandermeer . . . . .*

*Peter Dunn*

*Peter was born in Lethbridge and hopes to go back there next year to university. His hobbies are bowling and making music, (with?) his favorite of which are instrumentals of the early 60's and old Elvis. Peter plays cards, spectates at basketball games and used to spectate at College get-togethers.*

*Dwayne Flinn*

*Dwayne is a member of the cross-country team. He comes from Olds and likes fun best of all. He doesn't like crowds and questionnaires. Future plans are to get out of college. A notable past achievement was a drive to Lethbridge for a College basketball game.*

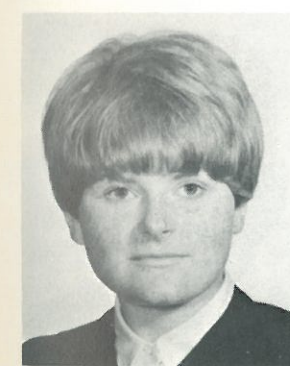

*Barbara Ford*

*An athletic girl who not only was a member of the Queens basketball team, but is girls captain of blue house, a member of the Athletic Board and an active participant in all intramural sports. She also enjoys outdoor sports, sewing, cooking and playing the piano or organ. Barb hopes to get her B.Sc. in Nursing.*

*Cathy Frazer*

*Miss Frazer plans a future in Pathology. Her hobbies include eating, skiing, and standing on her head, but not doing Chem. labs with Bev Allen. Cathy was manager for Queens basketball team, cross-country team and a sports reporter for the Accent. Cathy's favorite song is "Clean up the Common Room" played by "Tommy and the Councillors".*

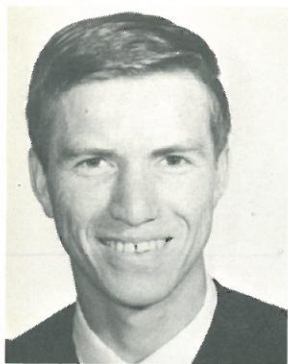

*Werner Froelich*

*Werner resides in Red Deer and is an accomplished skier. He is a member of the R.D.J.C. Ski Club. Werner doesn't seem to like filling out questionnaires.*

**Rudi Grab**

Rudi's home area is the County of Ponoka but he was born in Germany. His favorite car is his Plymouth. A notable member of the Kings basketball and volleyball teams. Rudi also participates in badminton and intramurals.

**Ted Gridley**

The ambition of "Fredy" from Stettler is to get a B.Sc. His hobby is reading, and best of all he likes holidays and Friday nights. His greatest and much appreciated contribution to the College was doing his best.

**Joan Grinde**

Joan is from Rimbey and is majoring in Pharmacy. She hopes to finish her course in Calgary next year. Her hobbies and activities include reading, horses, outdoor sports, ski-dooing, 4-H, and intramurals.

**Harvey Halladay**

Best of all Harv likes money (spelled B-E-V) and hopes to make lots of it as an Aeronautical Engineer. Harv majors in Physics because he doesn't like a Virginian drawl. He was born in Maple Creek, Saskatchewan. In Carlos, Alberta, his home now, nawt evreybawdy tawks lighk Harv - ughntil they're ouver thuree. When he's not sinking jump shots for the Kings or playing badminton, Harv likes to say "Fall on your head."

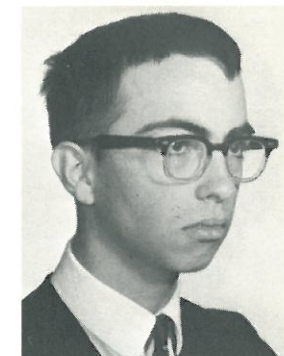

**George Holmes**

George was born in Edmonton and was moved to Red Deer. Next year he hopes to attend U. of C. He enjoys cars and playing guitars and is peeved by I.P.'s, but best of all he likes R.S.B.'s tangerine socks.

**Terrance Holmgren**

Terry is an "Aggie" from Eckville. He plans to be a District Agriculturalist after completing university. His hobbies include drama, raising farm animals, goldfish and almost anything else that lends itself to being raised.

**Yvonne Hopkins**

Yvonne plans to take her horse on the show circuit and continue her studies in Household Economics next year. Her hobbies include Arabian horses, figure skating and square dancing. She has made notable achievements in all of these.

**Robert Isaac**

Bob is a Biology major who plans on teaching in a university as his career. Other interests include Astronomy, Archeology and travelling. Bob says his contributions to the College were few, but we know better.

**Beverly Johnson**

Bev says her prime ambition is to be educated---that's easier said than done. She is a Chemistry major from Sylvan Lake. Bev is working with quite a few of us at A.S.H. this summer.

**Aggies working again . . .**

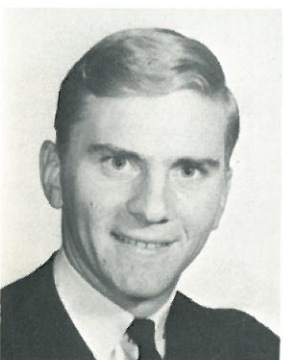

**Lowell Johnson**

A Science student who comes from Eckville, Lowell was a regular at Wayne and Bill's parties. Lowell was an added asset to the English 210 class when he asked questions about the pieces of literature under study. He was a member of the Blue house basketball team as well as a regular supporter of the Kings and Queens on their Friday night games.

**John Knapp**

An Agricultural student coming from Veteran, John spent most of his time with the Aggies studying for their B.S. degree. John is an active participant in the Youth Group of his Church.

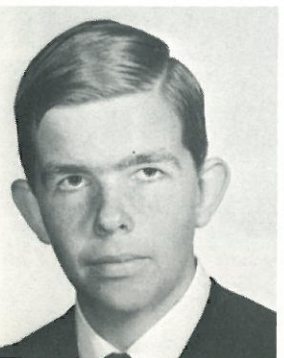

**Richard Krenn**

Rick was one of the prime clogs in the College activity wheel. He was a member of the Kings basketball team as well as the volleyball squad. He was a champion badminton player both in doubles and mixed doubles during intramurals. Rick's pleasing personality was a boost to all the College activities and he was a student who will be remembered for his conscientious efforts to better R.D.J.C.

**Vita Larsen**

Vita was the winner of the Silver Ring at Awards Night for her contribution to R.D.J.C. Vita was a member of the Queens basketball, cross-country, and volleyball teams. She was Secretary of the Badminton Club and a member of the Athletic Board. Her winning smile coupled with her personality made Vita a well-liked and admired student.

**Robert Leonard**

Bob was a member of the Green House golf team which won the intramural golf tournament and accepted the award for the house on Awards Night. He was a member of the Common Room Card Club as well as a staunch supporter of the College basketball teams.

**Rod MacDonald**

Physics is the major of this Red Deerite who was born at Williams Lake. Yes, he has some hobbies, and yes, he has some past achievements. Rod feels that his greatest contribution to the College was \$260.00 for books and fees, but we feel his greatest contribution was Cheezie-seller and entertainer in Chem. 230 labs.

**Rob MacKenzie**

Rob is a blue-eyed blond from Calgary who definitely has a nose. He believes that Culture 200 is one of the advantages of the small college over a large university. What did Donne do? He pre-empted Hugh Heffner by centuries.

**Bob Marshall**

Bob is a Castor boy who has now come to Red Deer. He is peeved by low marks and plans to work in the future, perhaps at Commerce. Bridge and hockey take up his time away from dances and spending money. He could always be found in the Common Room playing cards.

**Rick Mooney**

This boy with eyes two and nose, yes, was a star for the Kings. Rick Donne know what Donne did but does know that he was on the Athletic Board. Nick-name? Joe . . . . . (various things).

**Dave More**

"Hi" or "Good Morning" are favorite sayings of this fan of the Chem. lab hit parade who was born in Aberdeen, Scotland. Dave's hobbies include writing, painting, and laughing. Dave is an accomplished skier who was advertisement man for the Ski Club. His artistic talents also appear in the Legacy (liner, for Eg.) and in the Chem. lab. Best of all Dave likes life, beauty, people, rocks, grass, trees, animals . . . . .

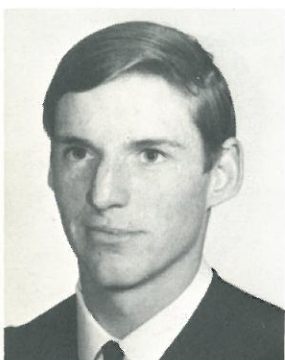

**Ellen Murdoch**

"McDock" was known for keeping her head in the wildest of situations (even when she blew a lab). What Ellen likes most of all is to be with happy people. She was one of our best badminton players and she enjoyed being one of the Queens.

**Bill McComb**

Bill is going to take Automotive Mechanics at S.A.I.T. next year and plans eventually to obtain a degree in Marine Biology. His Centennial project is to make it to Expo and back in a Hearse.

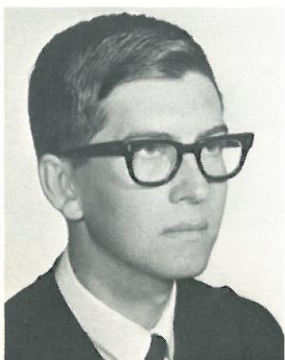

**Allen McKee**

An athlete by nature Al was on the College's cross-country, basketball, and volleyball teams. He was an added asset to the R.D.J.C. Float Committee. His sense of humor added many laughs to the numerous College functions such as dances and parties. As one of Al's friends stated - 'he's just an all around great guy'.

**Don Nikiforuk**

Don, often aroused from a deep sleep in Chem. class by the sharp cry of "Nikaforook"!, enjoyed exchanging Ukrainian type jokes with one R.S. Bennett (thank-heavens they didn't translate them). Don says he was born in a hospital and plans to be a doctor. He is notorious for his shiner received in one of the rougher basketball games of the season, and for being the most popular boy at Eastview when in Grade 8.

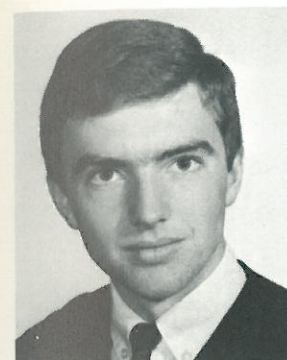

**Pat O'Callaghan**

This Irish lad spent most of his spare time as scorekeeper for the Kings' and Queens' basketball teams. A Science student who showed a great interest in Education! Pat played on the College volleyball team as well as being on the Advocate broomball team. His motto (given to him by the typist) is - I may be slow but when I get started . . . . .

**Brian Oldring**

In the near future, Brian hopes to take second year pre-medicine at Edmonton or Queens. He enjoys swimming, sailing, hunting, girls, and modern or folk-rock music from his favorite radio station in Buffalo, N.Y. Parents who don't believe that he ran out of gas peeve him. A greater contribution than tuition fee was his being Green House Captain and a member of the Athletic Board.

**Alec Peck**

With future plans to marry an Eskimo, Alec says "Don't knock it if you haven't tried it." He doesn't particularly like starched and monogrammed underwear, but songs with words and music are his favorite. What does he like best of all? Clean gym socks, no English 210 lectures, and the Prairie Provinces.

**Arnold Pierce**

Arnold is a modern music fan from Pine Lake. His favorite singing group and song go together--The Monkees and I'm a Believer. He also likes CHED, black, GTO's, and Help! He's the hero of Chem. 230 Seminar 'cause he can read the clock for the Aggies who haven't yet learned.

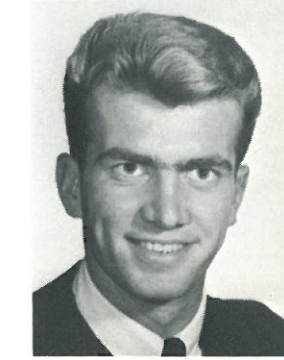

**Ron Prins**

Lacombe is the home of this future Forestry Engineer. He pursues fishing and pool when he isn't busy with homework on Saturday mornings. Ron likes CHED and popular music.

**Lloyd Quantz**

Lloyd was born in a hospital and tells us that he resides in Canada (not far from R.D.J.C.). He likes life and is going back to the hospital after he completes pre-medicine. His major past achievement was being born. Lloyd is a Science Representative whose favorite color is color (?).

*David Rideout*

A Commerce major from Red Deer, Dave enjoys basketball spectating, dance spectating, and sometimes even dancing. Saturday mornings he asks questions about the night before! Other activities are riding the elevator at the Vocational School and attending every class.

*Neale Ronald*

An Aggie in good standing and a riding enthusiast, Neale enjoys sports in the fresh air and participates in intramurals. He was born in Calgary and now hails from Clive. Future plans are to attend U. of A. in Edmonton.

*Dianne Rose*

Dianne likes to have fun on the weekends which excludes her pet peeve--reading. Best of all she likes time to do whatever she wants to do. Activities in the College are work, so she should do well at U. of A. next year.

*Carl Royan*

Athletics are this Rimbey boy's main interest. He is a Physical Education major with future plans to be a Physical Education Instructor. Carl excels at intramurals, starred on the College volleyball team, and is a notable member of the Red Deer Chiefs, where he is called Pierre le Puck I.

*Edward Rutledge*

Ed was born in Dauphin, Manitoba, but comes to us from Innisfail. When he is not studying Biology, his major, Ed enjoys skiing, coin collecting, and movies. His favorite movie is "Dear John."

*Ralph Salomons*

Ralph, who hates to be called a dumb Aggie, is Editor of the Legacy. Ralph played on the 'Kings' basketball team. Ralph who is a maniac on the ski hill, plans to take up this sport to relieve tensions received from countless hours on the Legacy. His greatest past achievement is winning a trip to Expo through his work in 4-H.

*Thomas Sawdon*

Tom, who is from Three Hills, is in the Faculty of Commerce. Badminton is his favorite sport. He enjoys hunting as well as listening to CHED. He likes to complete assignments on time for the professors - a real novelty for a College student.

*James Scott*

Known as 'Gunther', Jim lives on a farm in the Red Deer area. Jim plans to become a Chartered Accountant and eventually he hopes to become rich. His hobbies include cars and cash. His activities in the College include intramurals and Dance Club.

*Graham Smith*

Graham, a Math major, was born in England, the part where they invented cards. He learned the trade at an early age, and plans to continue after, well, just after. He is active in intramurals.

*Robin Steffanick*

"Hiya, Sweetie!" Herm might say to girls and golf, in that order. Crackling Rosé, a Mexican friend of his, is one of the things he likes best of all. We haven't discovered exactly who she is yet, but perhaps the picture in locker 980 is her. Guarding locker 980 is his second home during and between class periods.

*Carol Swift*

*Carol was born in Eckville and her home county is Red Deer. Carol is in the Faculty of Science and is majoring in Nursing. Her nickname pertains to anything associated with speed. Carol skis, skates, and plays the piano. Her pet saying is "I'm going to set up a schedule and start studying", and her pet peeve is studying. Her favorite radio station is CHQR; car is Ford T-Bird. Carol participates in the intramurals at College.*

*Bob Vandermeer*

*Bob (Bob-Bushman) was born in Innisfail and comes from Caroline. He is in the Faculty of Science and is majoring in Chemistry with no future plans. Bob enjoys horseback riding and all sports as long as there are girls around. Bob has been an active participant in basketball, volleyball, and badminton.*

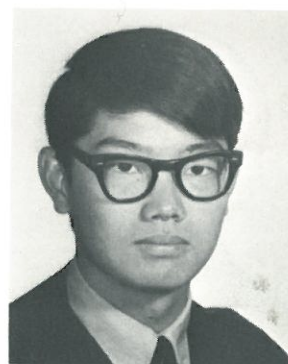

*Bryan Wiese*

*Born in Lacombe and from Bentley, Bryan is in the Faculty of Science taking Agricultural Engineering. He hopes to finish four years of university work for a few years and then likely farming. Bryan participates in sports and the Badminton Club. His pet peeve is women drivers and he likes pretty girls and getting 14-25 hours of sleep a day.*

*Suey On Yee*

*Suey or known as Sam On Yee, is from the Red Deer area and plans to major in Pharmacy. In his future plans lies a faint hope of being a specialist in navel surgery. Suey's pet saying is "I'll drink to that," and his pet peeve is worrying where the next one is coming from. He also enjoys breaking lab equipment. Suey has contributed to the College in gum chewing, intramurals, pop drinking, and etc.*

*Our Mr. Quantz hunting for the rat's heart.*

# activities

BACK ROW: Bill Wertzler, Leanne Shultz, Brian Oldring, Vita Larsen, Wayne Hopp, Barbara Ford, Larry Slinger, and Bill Burris. FRONT ROW: Mr. Lalor, Ted Griffiths, Rick Mooney, Jean Christian, Miss Schmitke.

As President of this year's athletic board I sincerely thank the executive and the members of the board who unselfishly donated their time and energy in promoting the many athletic events throughout the College year. Thanks also to Miss Schmitke and Mr. Lalor for their prudence, work and support. I am sure the college knew and appreciated the efforts of these people.

This year the athletic board was one of two autonomous organizations, the students' council was the other. The Board was responsible for all athletic spending and the coordination of all athletic functions including house league. The highlight for this year was the Alumni Weekend which the Board staged.

It is with great pride that I can say the Athletic Board was a truly profitable organization, not in a monetary sense but also was a prime factor in bringing the students together and providing such an important facet of a College Education. To Miss Schmitke, Mr. Lalor and the members of the Board I thank you again and I wish all the very best for the future.

Rick Mooney  
President, RDJC Athletic Board

The guy who stole the show . . .  
Dave Beckman.

The RDJC Cross-Country teams made the best showings than any other single team in the college. The members of the teams as well as the coaches were deservedly congratulated for placing first in both the men's and women's division of the W.I.C.C. Meet.

# Intramurals

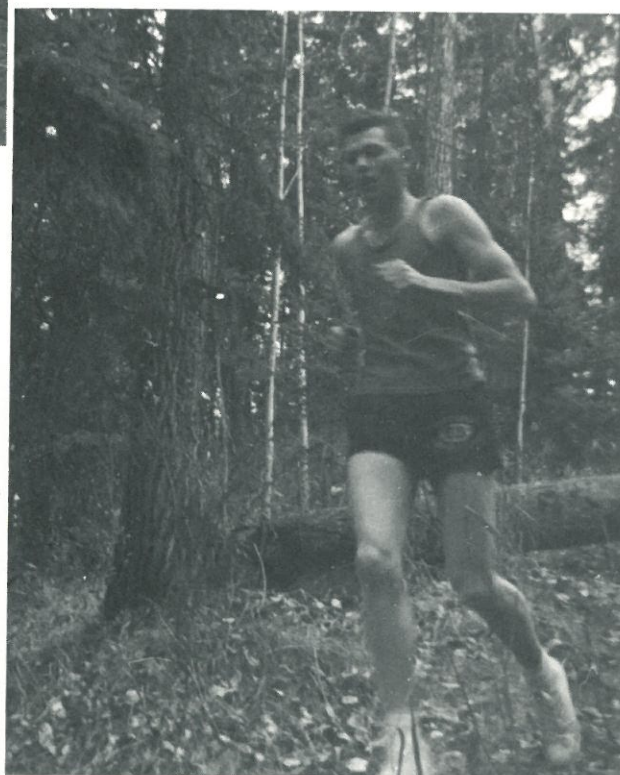

The Intramurals were probably the most successful series of extracurricular events at the College. There were four houses each for men and women – Blue, Gold, Green, and Red (in alphabetical order, please note).

The first activity was rugger (speedball for

women). In men's rugger, Red was first with 200 points, then Green with 150, Gold with 125, and Blue with 60 (and the only defaults in that event). In women's speedball, Green was first with 204 points, then Blue with 131, Gold with 86, and Red with 44.

The next events were cross-country and golf. The women, who ran the cross-country course in relay fashion (intimating what?), ended up with Red with 112, then Gold with 88, Green with 79, and Blue with 49.

Red House was also first in the men's

event, piling up 133 points. Next was Green, with 111, Gold with 88, and Blue with 73. Points were also given for help in officiating, giving the unathletic a chance to contribute (cough, cough!).

In golf, Green had an easy win, with the only complete team. The others, being incomplete, did not place. Green women were the only House to even enter a team. (Green House, in the unbiased opinion of the writer, seems pretty good.)

Volleyball was in two phases – men's and women's, and mixed. In men's, Blue placed first and third, totalling 144 points (again the only default). Red had 76, Gold, 64, and Green, 45. In women's, (total points) Green had 170, Red, 92, Gold, 71, and Blue, 52.

Mixed volleyball also had more than one team per house. The total-point standings were Green with 201, Blue with 78, Red with 67, and Gold with 31.

Badminton was also in two phases. In men's doubles, Blue won with 123 points, and in women's doubles, Green won with 220.

In mixed doubles, Red came out with 116 for a total, then Blue and Gold with 109, and Gold with 32.

Basketball was the next activity. In the men's tournament, Gold came first with 247, with

Blue winning 196, Gold, 180, and Red, 137.

In women's basketball, Green won easily with 247, followed by Blue with 195, Gold with 153, and Red with 143.

Hockey was an unexpected event which was very enjoyable. In keeping with the spirit of fun, everyone won. Each team won one game, lost one, and tied one, at the games played in the arena one evening in March.

The last activity was gymnastics. In the men's section, only Green and Gold had complete teams – winning respectively 106 and 80 points. Blue got 36 and Red 31.

In women's gymnastics, Red won with 106, followed by Blue with 87, Green with 60, and Gold (incomplete team) with 33.

And quality pays. Because the Grand Aggregate trophy, presented on Commencement Night, went to Green House.

... And Green House won!

## Study in Postures

(that is, the Badminton Club)

The Badminton Club's executive consisted of Gary Bruns as President, Larry Slinger as Vice-President, Vita Larsen as Secretary, and Cathy Cornelssen as Treasurer. It was quite a successful club and many good matches could be seen on Badminton night.

## Ski Club

STANDING: Lloyd Watson, Wayne Hopp, Ted Griffiths, Linda Kumm, Werner Froehlich, Marilyn Fuder, Dave Alton, and Marilyn Moore. SITTING: Barbara Loucks, Bill Wertzler, Jim Lowen, Dave More, and Ron Crowe.

## J.V.C.F.

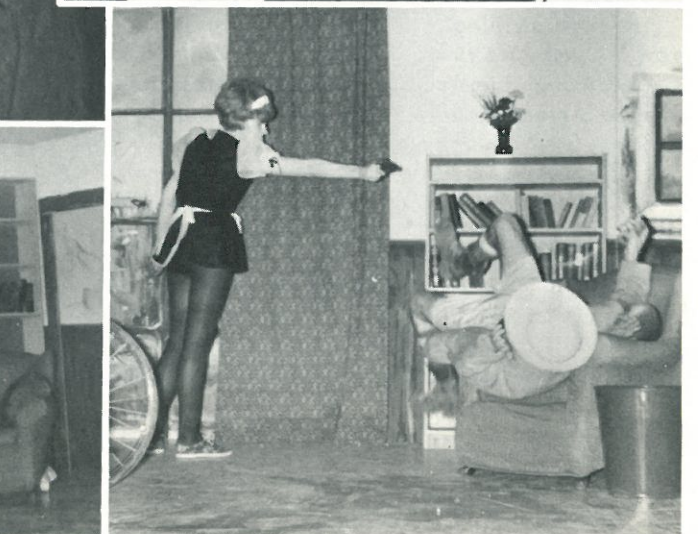

STANDING: Lloyd Quantz, Phyllis Murray, Dave Babcock, Mariane Taylor, and Dave Erickson. SITTING: Frances Hartt, Mickey Dorval, Betty Karachun, Carol Swift.

## Drama Club

BACK ROW: Susan Gorrill; Director, Mr. Farthing, Murray Lindman, Dave Clark, Terry Holmgren. FRONT ROW: Billy Savage, David Marriage, Janice Nelson, Deanne Dearing, Jack Rogers.

# Accent

BACK ROW: Dave Erickson, Francis Hart, Jack Rogers, Janis Porter. FRONT ROW: David Marriage; Editor, Janice Nelson, Mickey Dorval, David Babcock.

The first thing that happened to the student newspaper this year was a change of name. The previous year, its first year of publication, the paper had gone under the name "Periscope".

Although the Accent was not published regularly throughout the year, the newspaper managed to achieve a state somewhat resembling organization. A bank account was established, a cash box and other equipment purchased, and a vain attempt to establish a schedule was made.

The first two issues, following the example of the previous year, were printed at the College on the Gestetner. Since these papers were not well received by the student body, it was decided that the paper should be commercially printed, and five subsequent issues were done in this manner.

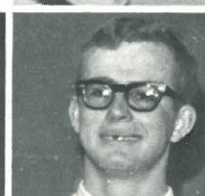

The greatest and most constant difficulty encountered by the staff was a lack of it (staff, that is). A newspaper can be the voice of the student body only if the students are willing to speak.

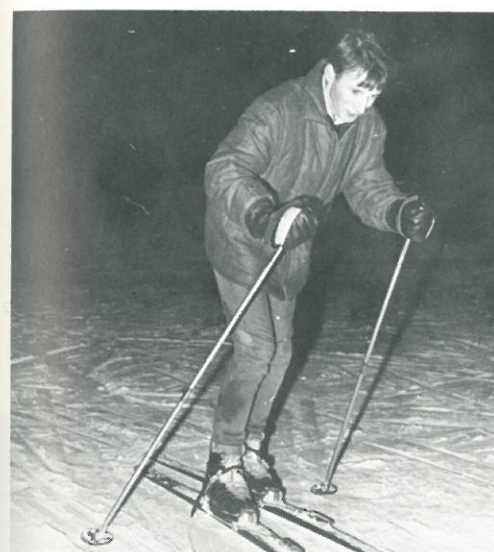

You're beautiful, I'm handsome, and I'm yours!

Isometrics, anyone?

For my next trick, I'll pull out a rabbit.

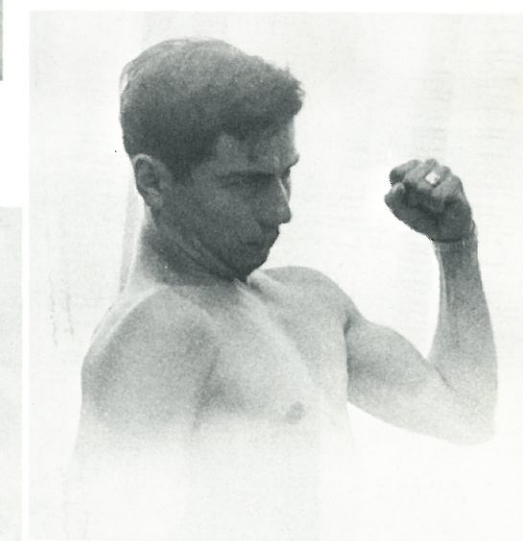

... And then the right foot, and then ...

Total-Totem  
(the bright group).

And say hello to Mom and Dad, and Gramps, and all the kids.

I have so got a double chin, if I try hard!

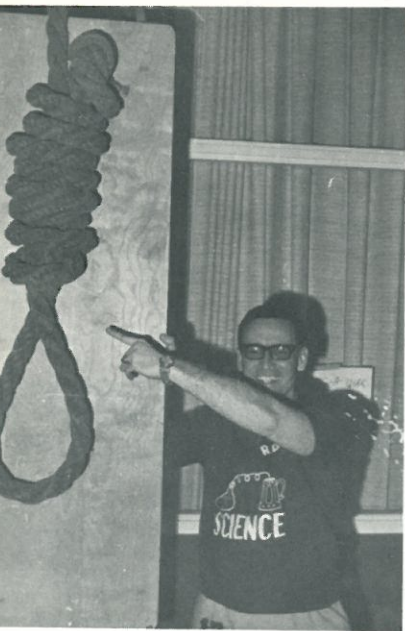

## Christmas Prom

The social highlight of the year was the Christmas Prom, held at the Capri two days before Christmas vacation. Attired in suits and formal gowns, couples were given the opportunity to demonstrate the dances they learned at Dancing Club. Soft music, supplied by George Brown and his Orchestra, and a well-decorated ballroom, gave an atmosphere of elegant sophistication. Intermission entertainment was supplied by the Oldring Brothers, Brian and Robin.

Have you heard the noose?  
 Alumni Weekend was a success!

Some events, like the tug-of-war . . .

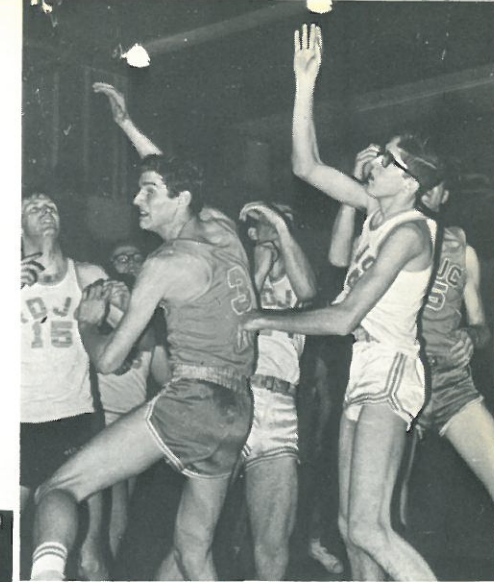

(Advocate Photo)

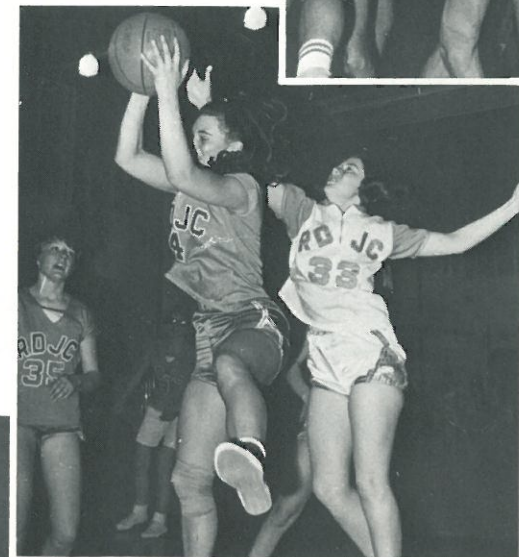

And the dog sled race, were tiring, cold, wet, but fun! . . .

The volleyball games left some blondes feeling a little distraught...

And the basketball games were a real fling . . .

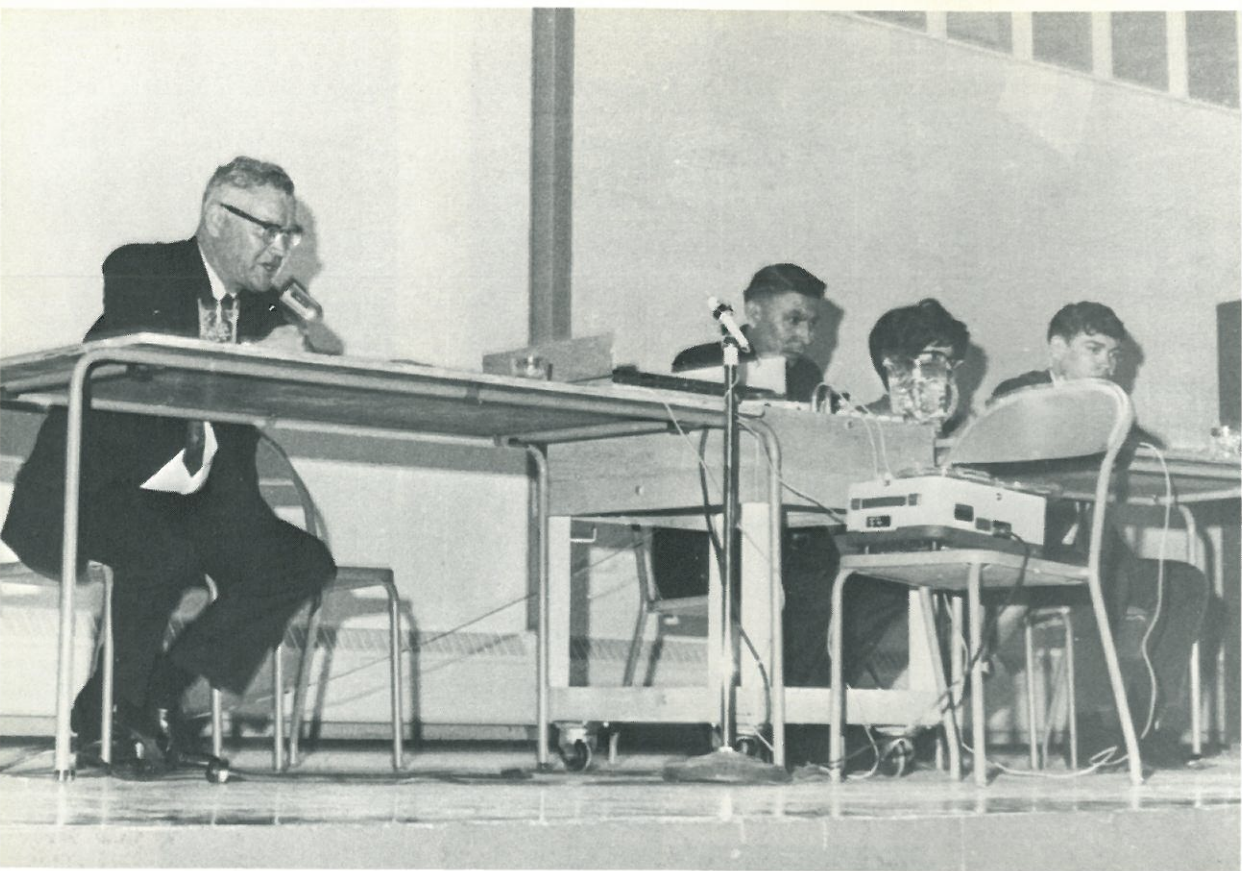

The ski party, the last activity of the weekend, let skiers demonstrate their various . . .

How was the weekend? As Ann said, "r-r-r-row!"

proficiencies . . .

## Teach-Ins

The Political Science and Sociology Departments, under the leadership of Mr. Church and Mr. Proudfoot respectively, sponsored several teach-ins throughout the year.

The Sociology departments sponsored two - a political discussion, with spokesmen from the four parties; and a discussion on Indian integration in Alberta. The Political Science teach-in was on the growth of the political parties in Alberta. Attendance varied from pitiful to good, and this is also a fair description of the teach-ins.

# Commencement Exercises Award Winners

## ALUMNI AWARDS:-

BEST ALL-AROUND MALE STUDENT..... Rick Mooney  
BEST ALL-AROUND FEMALE STUDENT..... Linda Kumm

Vita Larsen  
Gail Thurston

MEN'S CROSS-COUNTRY RACE..... Tom Austin  
Dave Beckman  
Brian Cunningham  
Rick Daniel  
Dwayne Flinn  
Ted Griffiths  
Allan McKee

As the closing function of the College year, Commencement, was attended by most students, and many parents and friends. In terms of turnout, it was probably the most successful event. Greetings were given by a large number of local, government, and University people. The principal speaker, the Hon. Dr. MacEwan, gave a humorous speech on leading a zesty life. The program closed with the distribution of Alumni, Council, and Athletic Board awards.

To the Red Deer Junior College's Class of '67

Best Wishes for Success

Ponoka County takes pride, too, in one of Central Alberta's largest Centennial projects, the magnificent building which will be the home of the Red Deer Junior College. Although it is taking shape on the outskirts of Red Deer, it is our college too and an example of the fruits of united effort. It may be literally a building block in our combined great future.
