

# Legacy '69

To Greatness by Greatness

In Dedication to:

Mr. J.W. Cookson

J. W. Cookson, member of the Junior College Board representing the county of Lacombe, was born, raised and educated in Alberta. He attended the University of Alberta and earned his B. Sc. in Agriculture. He holds a Permanent Standard S Certificate in Education as well. Prior to becoming a member of the County Council of Lacombe in 1964, Mr. Cookson taught in Lacombe County for six years. At present he is Chairman of the County School Committee. During his five years as a member of the College Board, he has served prominently on a number of committees. He views the relocation to the college facilities to its present campus as the major milestone in the history of the college. The recent rejection of two-year transfer program status for the college is, however, a great set-back as he sees it.

In Honor of:

Mrs. W.B. Parsons

Mrs. W. B. Parsons

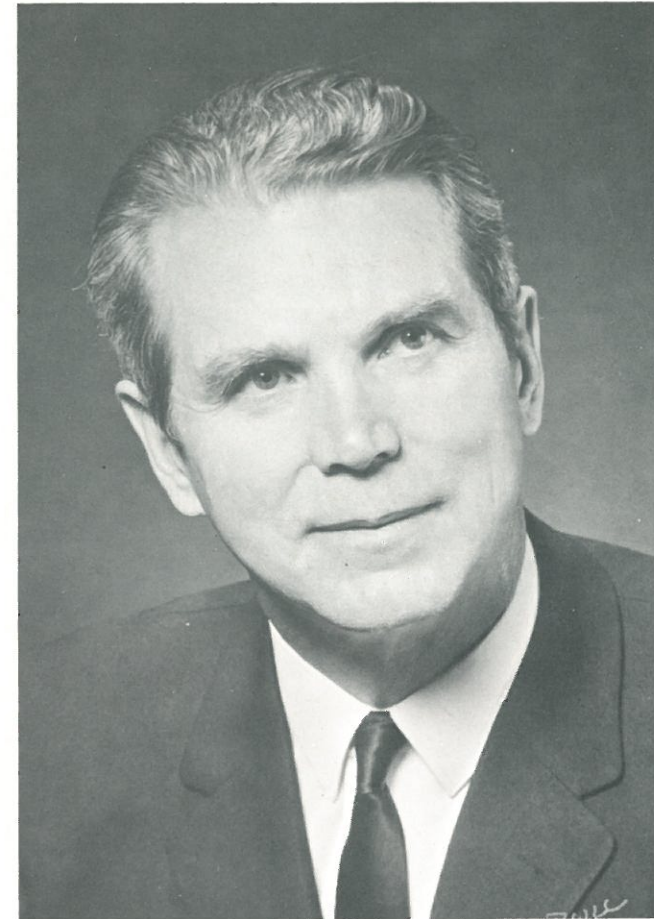

Mrs. W.B. Parsons was elected to the Board of Trustees of the Red Deer Public School District in October, 1955, and became Chairman of the Board in 1959. She has served in that capacity from that time to the present.

Mrs. Parsons played an important role in organizing the Red Deer Junior College, and it was largely through her efforts that it has become a realization. She acted as Chairman of the Provisional Board when it was formed in July, 1963 and continued in that position until becoming Chairman of the incorporated Red Deer Junior College Board in December, 1963. Shortly after her election to the Red Deer City Council this past year, Mrs. Parsons retired from this office.

In 1967, Mrs. Parsons was appointed to the Senate of the University of Alberta, where she had earned a B. A. (Hon. Eng.) and her teaching certificate. Mrs. Parsons is a member of the Junior High School Curriculum Committee, has served actively as an Executive member of the Alberta School Trustees Association and as Chairman of the Urban Section of that organization. In addition, she has served as program Convenor and Chairman of the Scholarship Committee for the Red Deer Home and School Association, is a member of the Ladies' Auxiliary to the Richard Parsons Auxiliary Hospital, and is a member of the Women's University Club.

In the words of the citation naming Mrs. Parsons as the Alberta Teachers' Association's selection as the "First Lady in Education for 1966", "A community is fortunate indeed when it finds in its midst a woman of outstanding ability who will strive so selflessly to provide, for all who would use them, the best of educational opportunities and who can organize her own talents and those of others towards greater public service."

And in Honor of:

Mr. G.H. Dawe

Mr. G. H. Dawe (B. Ed., M. Ed.; Alberta)

In the formation of any institution someone has to take the initial action. In the case of the Red Deer Junior College, the Red Deer School District was this initiating unit, with Superintendent Dawe in the forefront.

When classes were begun in 1964 an agreement was made with the Red Deer School District that granted it the administrative duties of the college until such time as the college moved from its temporary quarters in the L. T. C. H. S. to its own campus. Mr. Dawe was the chief executive for this infant college. Those who have been associated with Mr. Dawe over the short existence of Red Deer Junior College find it difficult to adequately express their appreciation of this man's work.

With the relocation of the campus, Mr. Dawe is still Executive Officer of the College Board and acts as a liaison between the College Committee and the Department of Education. He is a past president of the Rotary Club and has served on innumerable civil committees connected with education, such as, the Safety Council, the Planning Commission, the Recreation Commission and the Education Council of the Chamber of Commerce.

In his attempt to expand the role of education in Red Deer and her neighboring counties, Mr. Dawe has freely given much more than one would expect of a single individual.

## Editor's Note

The College has completed Year One in its permanent location. To begin the year the student mood was high school programed. Think only along the lines which will be acceptable to the establishment. To encourage individualism, responsibility was given to the student body. We had control of our own affairs and the administration conferred with the students on the majority of College proceedings. At times communication breakdown occurred and these will have to be rectified by future student and administration co-operation. To appreciate the position we enjoyed one must look to the positions of other student bodies throughout Canada. We have what they are fighting for!

Perhaps there were too many avenues of extracurricular activities. More people were needed to accomplish goals with a number of these activities. More responsible people were needed to take positions! The increased enrollment next year may take up the slack. If we are to have the opportunity of responsibility we must use it or lose it. Consider this when you head on to other educational institutions or a job.

Legacy '69 is indebted to Mr. and Mrs. L. Vandervert who completed much of the yearbook and without them it is doubtful that this edition would have made the press.

## Student Council

President  
Darryl Sim

Fellow Students:

Well, it's the end of the term. We've finished our first year of post-secondary education. Many of you will be continuing on, others will take a year off, and some of you will not return at all. Whatever the case, I sincerely hope that you have all had an interesting, eventful and, above all, rewarding year. I hope that the future promises you success and satisfaction.

The Students' Council has worked on your behalf. It has touched on many social, economical, and political areas relevant to you. The Council hopes that it has been your right arm throughout the term in all of these areas. We tried to be a government of the students, for the students, and by the students.

As President, I have worked to maintain the standards you have set for me. I have tried to co-ordinate and integrate all of your needs and desires to produce the best possible environment for effective and enjoyable education in this college. I hope that I have succeeded.

Thank you for your support. I salute you all.

Sincerely,  
Darryl Sim  
Students' Council President.

STUDENTS' COUNCIL, FRONT ROW: Wanda Nelson (Publicity Convenor), Pat Parkinson (Social Convenor), Esther Booth (Secretary), and Barb Jewell (Vice-president). SECOND ROW: John Cornell (Athletic Co-ordinator), Art Lysons (Treasurer), and Darryl Sim (President).

## Student Council

SEATED, Left to Right: Kathy Bildfell, Eileen McPhail, Walter Blackstaffe, Randy Harper, David Hoar, Wanda Nelson, Kathy Donnelly, Pat Parkinson, Esther Booth. STANDING: Jerry Simonsen, John Cornell, Larry Zoakipny, Bruce Jackson, Mel (Buck) Warren, Howard Christensen, Art Lysons, Dave Thompson, Diana Carignan, Steve Robinson, Darryl Sim.

Dean Raffa

## 1968-'69 A Dean's Year

This has been a busy year for the Dean. The college has expanded both internally and externally at a tremendous rate: a new campus, entirely new programs, new staff, and most important, many new students. The college has undergone a transformation. It has accomplished this via the capable and thoughtful lead of Dean Raffa.

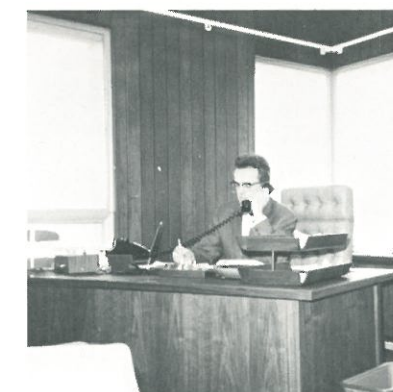

This has been a Dean's Year.
