#### PRESIDENT'S MESSAGE (Yearbook - 1975/76)

For a moment, let us go back to last September. Orientation week, a cabaret and a lunch time weiner fry started off what was to be a very good year at Red Deer College. Certainly we were all over-crowded, but by extending the College day and by using a few portables, it all fit together. At the same time a revised Students' Association, having now an Executive as well as a council, was also learning to fit and work together. For me it was a new experience, but one which I enjoyed as several times a week I could visit the Students' Association office and always find someone there with whom I could sit down and talk about student pleasures and concerns. I hope that much more of this kind of dialogue can occur next year. Already, the 1976/77 Executive and the College Administration have had a good evening together over 'Burgers and Beer' at Sylvan Lake. A full summer of activities has also been organized involving both your past and incoming Students' Association President - another good innovation developed by the students and the College's Board of Governors. In all, the promise of a good year as seen last September, was fulfilled by April and there is every expectation that an even better year is coming up. Certainly, Farewell '76 and Hay Days pointed the way.

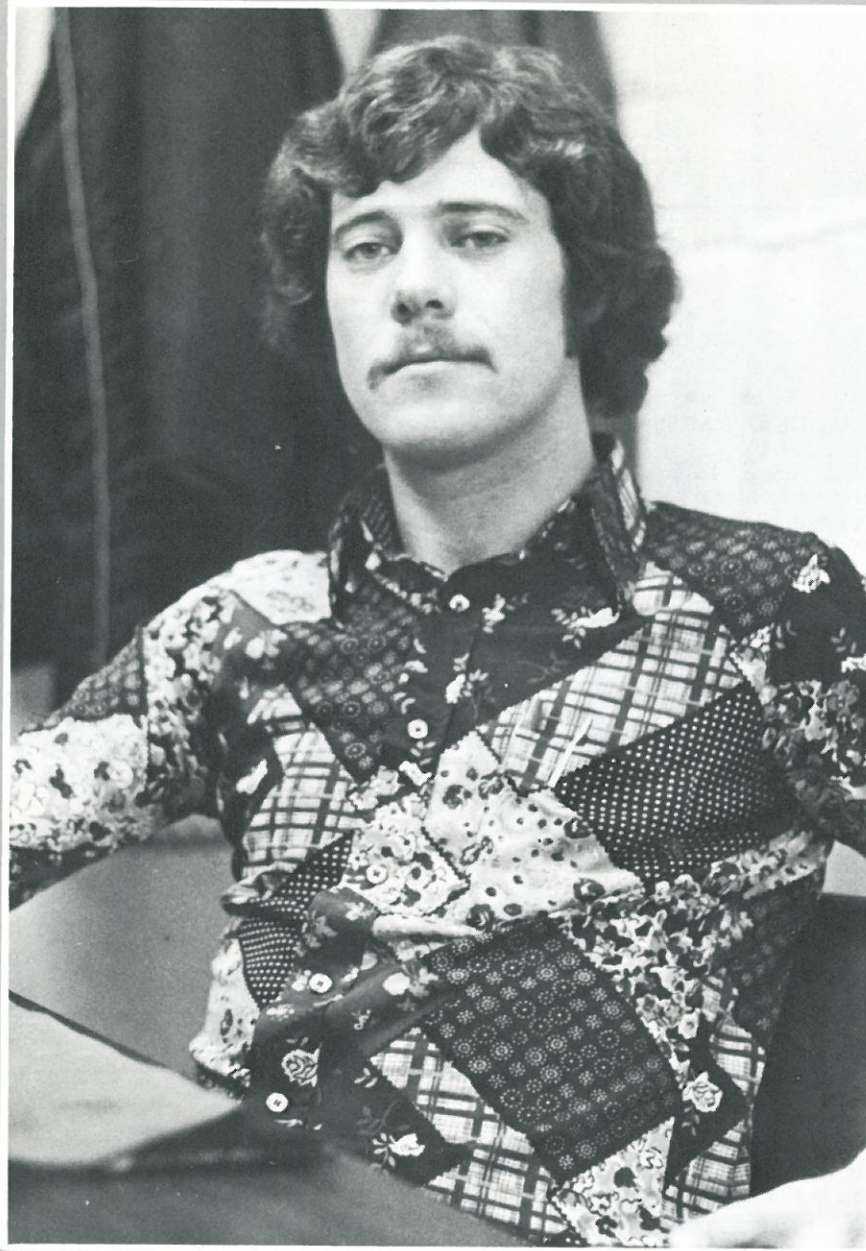

There are a few things which we need to work out together over the coming twelve months. Four of the most important of these are: more housing for students; better defined support, and staff, for the student newspaper; an approved Students' Association constitution; plans for expanded facilities for the Students' Association and for student lounging. If the Provincial Governments lifts, or eases, its program of restraint, it will be easier to achieve all of these.

As in previous years, I also very much wish to take this opportunity to extend my personal congratulations to those who are leaving the College to take employment, to go on to a higher level of education at another institution, or perhaps even to travel. Sincerely, well done. To the other students, all of us in the College look forward to sharing further learning experiences with you in the coming academic year. See you then!

W. G. Forbes,  
President

April 20/76

## STUDENTS' ASSOCIATION PRESIDENT'S MESSAGE

A Yearbook's purpose is to reflect a year of enjoyment, achievement, good times and good people.

I feel confident that this book will reflect your year at the best college in Alberta, and possibly, Western Canada. This college has grown steadily for the past twelve years to become one of the most viable institutions in Canada. There are many reasons for this. For example, the excellent quality of instruction, and concerned and helpful administration. But the largest factor is, of course, you, the student. Red Deer College is now a household word in places like U. of A., U. of C., U. of L., and other post-secondary educational institutes in Alberta, for one reason, the high quality of students, both academically and socially.

The 1975 - 76 academic year saw many changes in the Students' Association, many good and some maybe not so good. But it was a year of greater participation and achievement on everyone's part. In the areas of intramurals, A.C.A.C. competition, and student government, more enthusiasm was shown, thus, a higher degree of achievement resulted. It takes a lot of hard work and energy to make a good all-around student and thus an all-around person. If you are to play a role in Alberta's future, you must not lose sight of where you are going by becoming bogged down with the bureaucracy of government, politics, and society. It is up to you to retain your ideas, perhaps more refined, and implement them into the ever-changing roles of society.

I feel that most of you have gained the experience and knowledge to venture out, whether into the working world or university, and achieve your personal goals. You are the people who are active and participate in all levels, socially and academically, that make Red Deer College an institute that we are proud to be affiliated with. The key is "Participation." With it, no goal is unattainable, without it, stagnation.

In closing, as President of the Students' Association, and on behalf of the Council and Executive, I would like to wish all of you the very best of luck in your future endeavors, and I hope they are as rewarding as your expectations of them are. Also, I would like to thank you for last year. It was one of the most rewarding experiences that I have had. Special thanks should go out to all of you who did so much work over the past year, but that is almost impossible because there were so many. But, you know who you are, so congratulations and thanks for the time and effort you put forth.

Again, good luck.

Howie Espersen, President  
Students' Association

## *BOARD OF GOVERNORS*

Clockwise From Bottom Left: Lynn Straiton, Bob Newman, Roy Swanson, Dr. Bill Forbes, Robert Cooper, Stephanie Lawrence, Rob Sloan.
