PRESIDENT'S MESSAGE

PRESIDENT'S MESSAGE FOR YEARBOOK - 1977/78

Every person or Institute should clearly understand "their reason for being". At your College, we have a threefold purpose, the most important of which is to serve both the Community and its members by offering educational experiences intended to enhance one's quality of life. Whether it is to experience this self-development as a full-time or part-time student, I would seek the opportunity to warmly welcome you to Red Deer College.

TERRY SNYDER
STUDENT ASSOCIATION PRESIDENT

STUDENTS' ASSOCIATION PRESIDENT'S MESSAGE

Another year has come and gone and the time has come to say good-bye to old friends and move on to meet new ones. It has been a very successful year with many new things happening to Red Deer College. We have begun construction of a new Student Building and two new academic wings.

The face of the institution is rapidly changing, both externally and internally. We have had a successful year in a fine College that is rapidly changing. With these growth pangs, there are bound to be difficulties as have been evidenced in the budgetary restrictions that have been imposed for the academic year 78-79. I am sure we can cope with growth and can continue to make Red Deer College a place of learning and a place of enjoyment for all aspects of our community.

As we now go on to the university community or to the community at large, we will find many things we have learned at Red Deer College to be adaptable and applicable to day to day life. Also, we will find that some of the things we have learned or attitudes towards life we have developed will cause us to challenge and strive to change outmoded ideas and ideals we see prevalent in our society.

I sincerely hope that in some way we have learned not to accept the unacceptable and have learned that the future is ours - only if we are active in the building of this future.

In conclusion, I would like to thank the students responsible for the production of this yearbook. I am sure it will provide many happy hours for students to reflect on their many experiences at Red Deer College. Good luck, everyone.

Terry Snyder
