College ...

*A Means to an End*

College means something different to each and every one of us. We all enter College with a different goal in mind and we all leave, hopefully a better person for it.

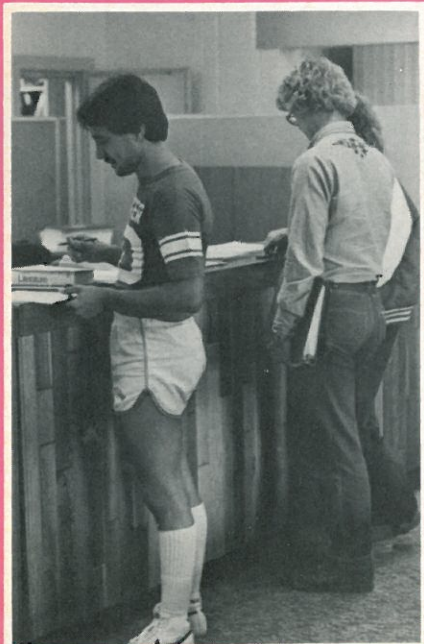

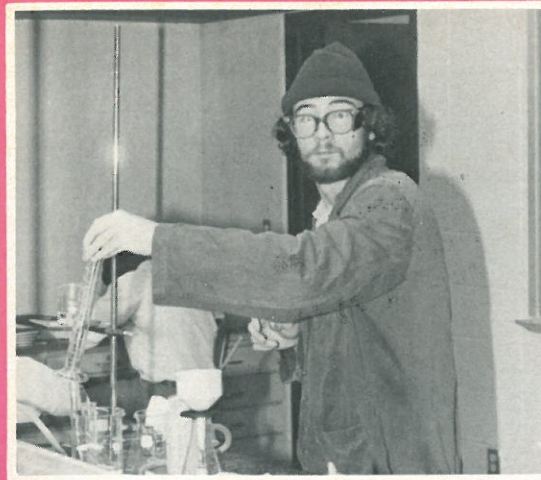

## A Period of Transition

Many of us have just left High School and College is our intermediate stop between a world of fantasy and a world of reality. It's

a period of growth and adjustment, a transition from youth to adulthood.

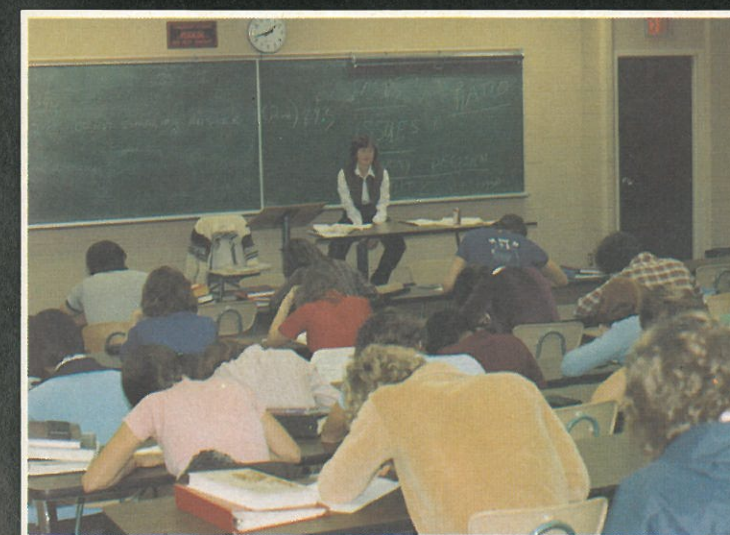

## A Key to Understanding

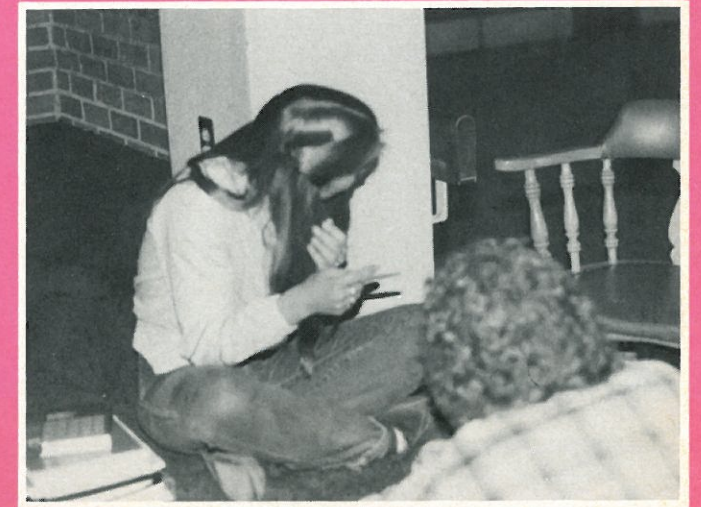

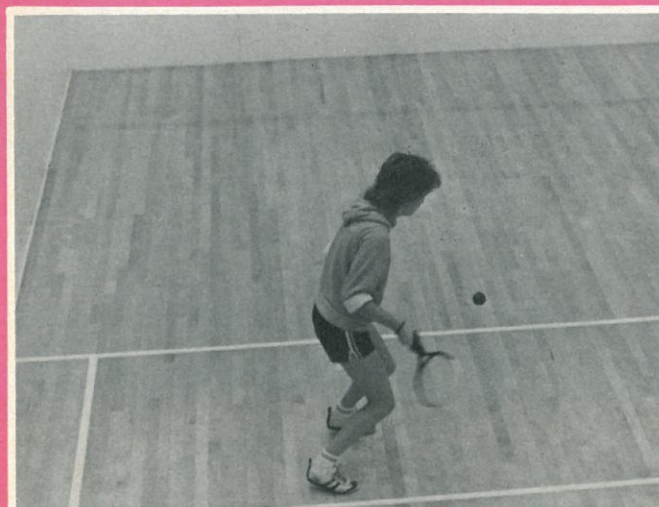

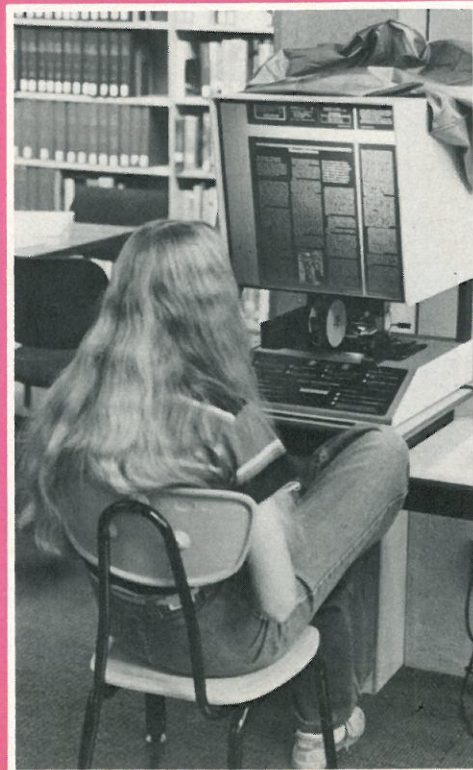

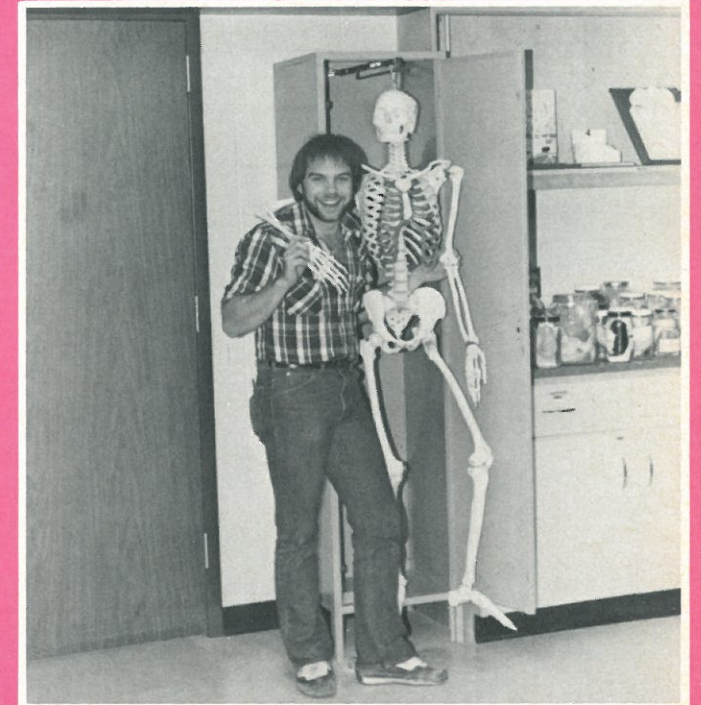

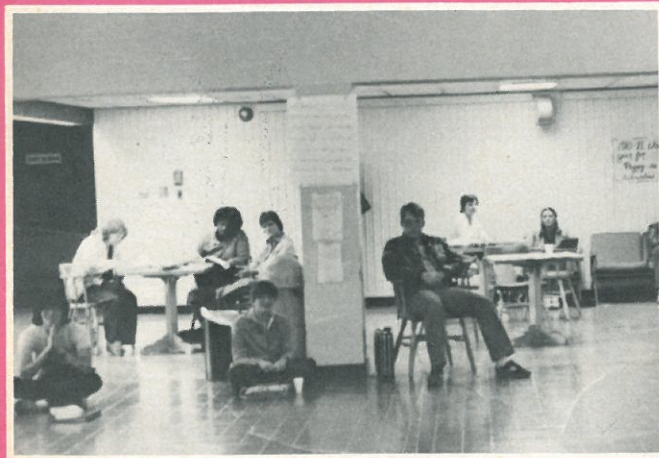

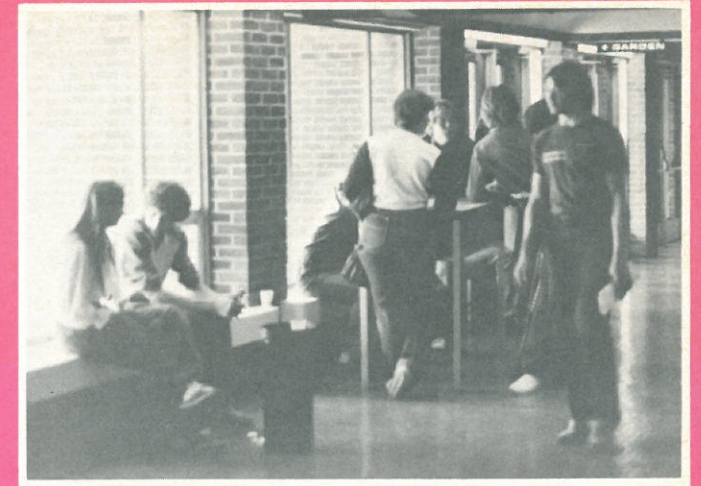

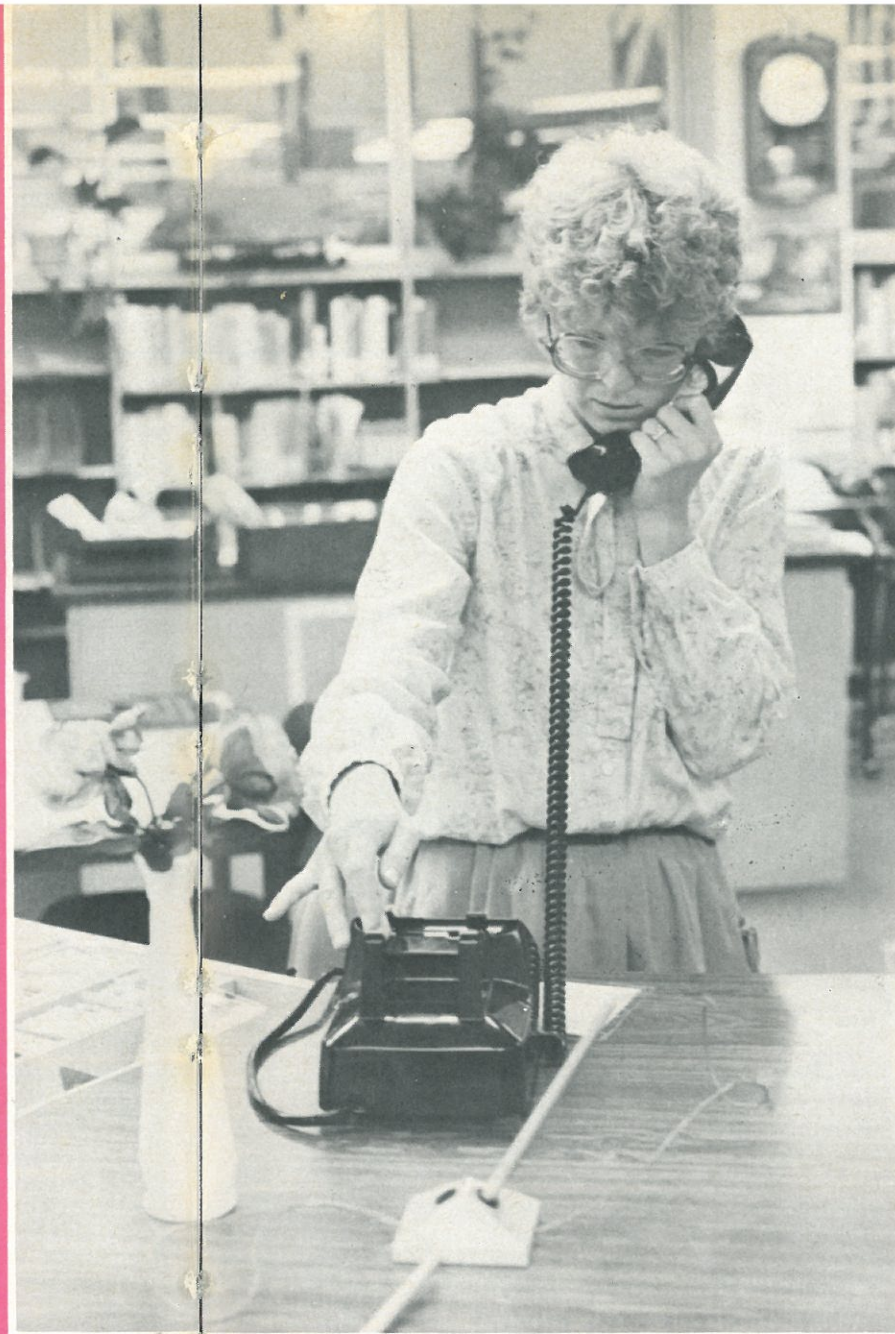

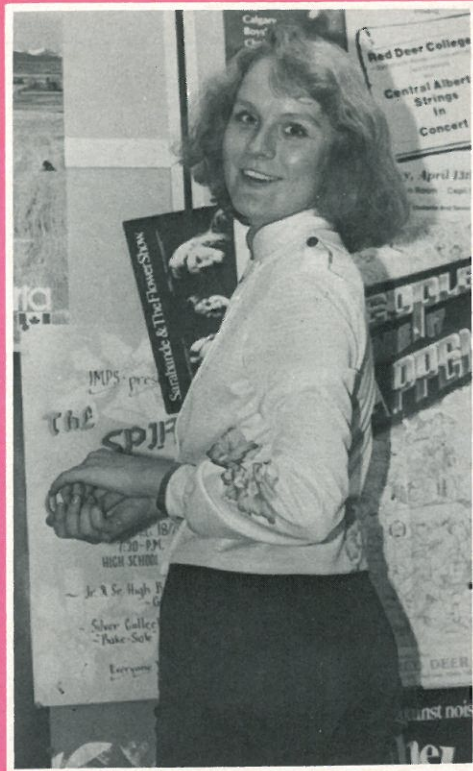

Some of us have chosen to follow a career, others are here to deepen their knowledge of specific areas. We all have something in common, we learn to understand who we are and what role we are to play in society.

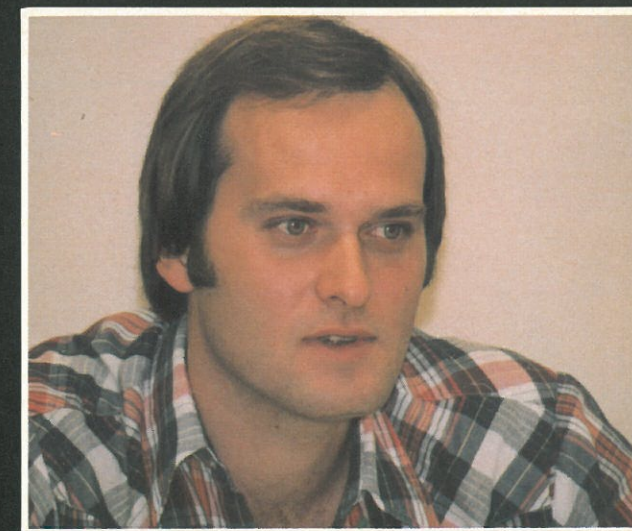

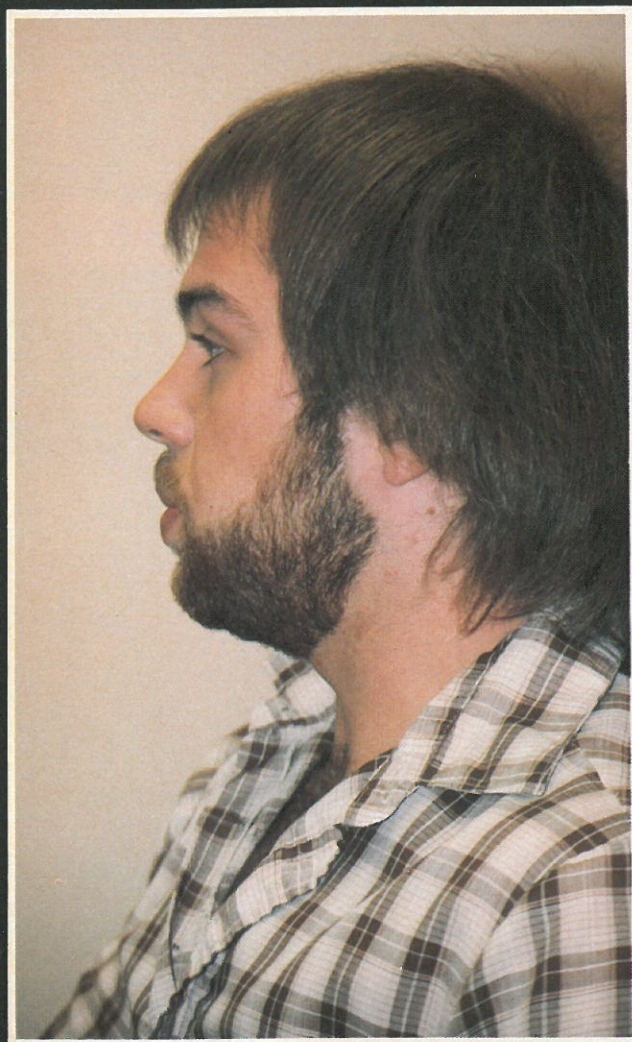

## A Broadening of Character

For many of us, it's the first time we are away from home and we face our first responsibilities. College life brings us in touch with many people. We come from far and wide, we share our ideas and we learn from one another. We cultivate new friendships, our own personalities are strengthened and our minds are broadened.

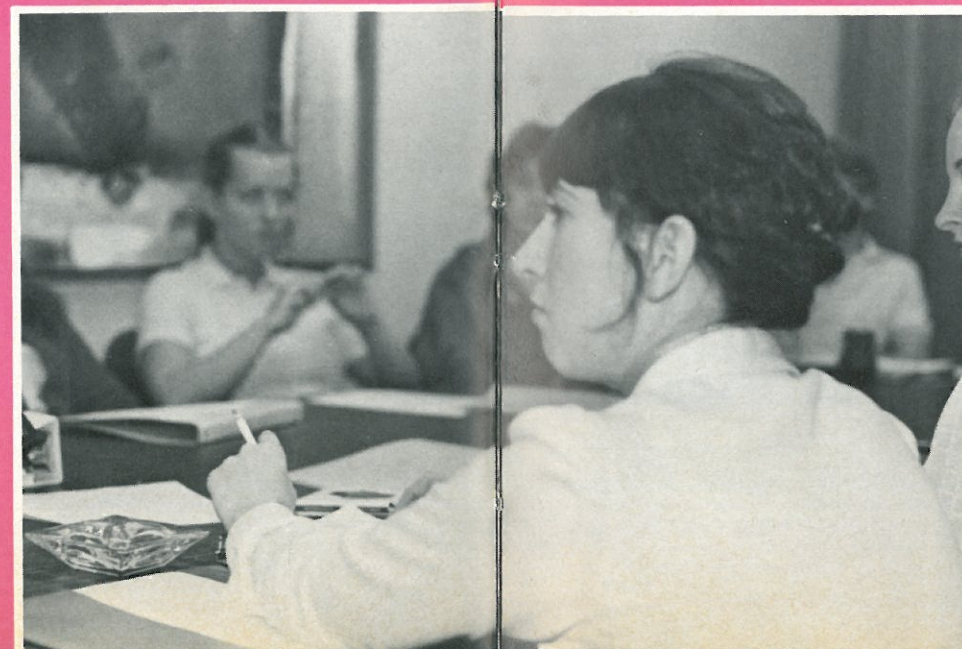

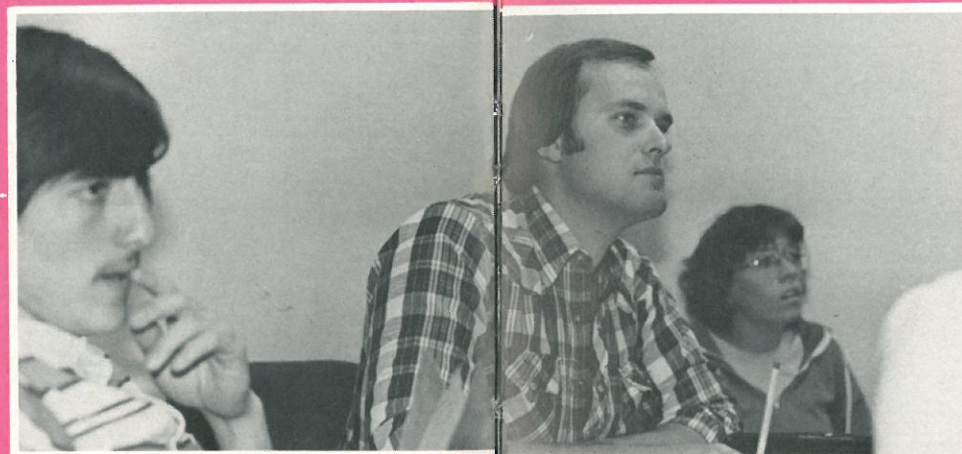

The Students' Association is comprised of the student body, the students' Executive, Council and Staff Administration positions. In order for the Students' Association to be fully successful it must have the backing of all students. The fortunate people who have the opportunity to actually be organizers and executive in the Students' Association have worked extremely hard to serve the students. In the past year social functions were increased, an annual

liquor permit obtained, and thanks to an increase in staff and controls we were able to provide entertainment and activities so that the students of Red Deer College could experience and enjoy College in every aspect. We feel students should have a grasp on how their future is to be shaped. Remember, students make it happen and we hope every student now can look back and say, "Hey, that was my College and I'm proud of it!"

## Helping Students

In your life-time, your stay at the Red Deer College is short, but the years ahead in your life will have been marked, forever remembering our Community College.

The Board of Governors acknowledges the Students' Association's efforts put forth with a Business Manager and a well-defined financial body. Your contributions put forth through your Board member, showed well planned College interests.

Your Campus continues to change its shape and space. With the addition of the two academic wings and now the planning of the soon to be built, student residences and the trades and technology wing, we hope a larger cross-section of the community will be offered learning experiences.

Go forth and receive more education or partake in the world of work, finding your place that awaits you. But remember, do not forget the Red Deer College; come back some day and help it serve many more.

Governors

The student body of Red Deer College should feel well pleased with itself. During the past year you have had an active President and Council. Your representatives on Academic Council have served well both on the Council and in the College. The student social functions have been frequent, successfully managed, and well attended.

What then is your next challenge? Whether convocating or remaining at the College for one or two years, there is a need for the combined wisdom of all students to help the College plan for the future. In two years time, there will be a further 1,800 to 2,000 students wishing to make use of the services offered by the Students' Association. The co-operative effort of those who are, or who have been, students at the College will be required to meet these needs and perhaps to plan for a fund that would enable a further expansion of the student facilities over the coming decade. Your participation with the Board of Governors is also being sought to develop additional residences, eating and athletic facilities to accommodate additional part-time and full-time students.

Turning to your personal plans, my wish is simply that you find full challenge and satisfaction in all goals which you have set in your on-going professional career. Hopefully, Red Deer College can play a significant role in making this possible!

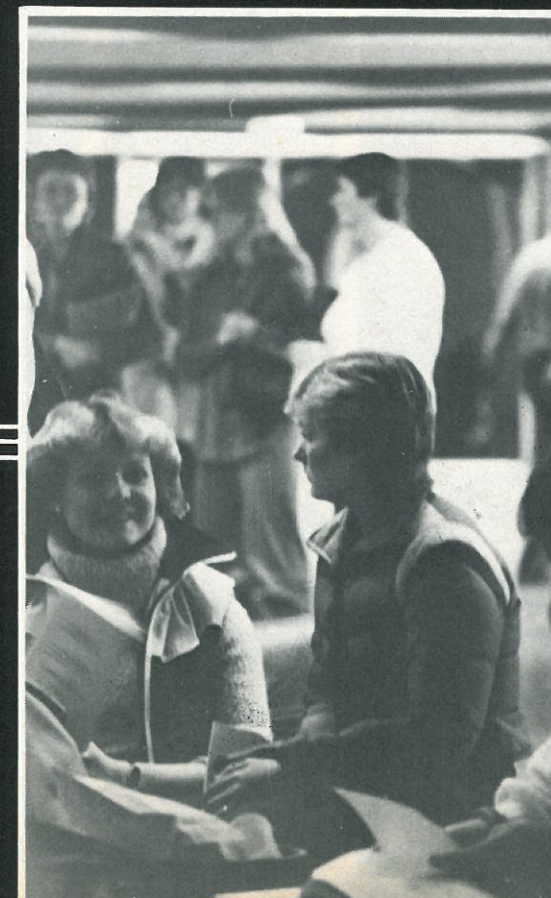

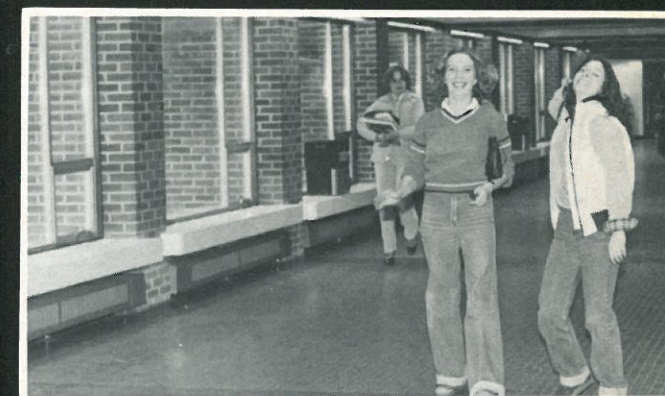

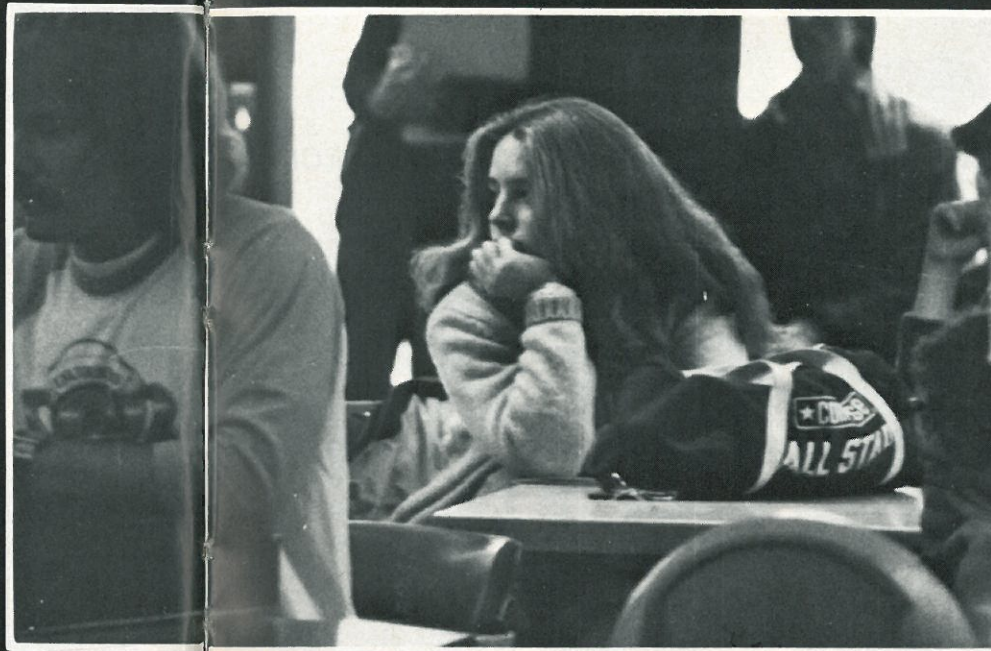

Dr. W. G. Forbes

## We Learn ...

"One question answered is another one asked".

This anonymous writer was only slightly inaccurate when referring to students at R.D.C. As most professors will attest that here one question answered is the same as one asked again and again and again ...

This is a special thank you to Terry Baskier and Phil Wright for their support and contribution to the Students' Association.

Terry was Vice-President Academics for the 1979-1980 term and Board of Governors' representative for 1980. Phil was Vice-President Finance for 1979-1980 term and Business Manager from April to October 1980.

Phil was also Outstanding Male Student at R.D.C. for the 1979-1980 term.

Thanks to you we're making it!!!

# Inter-College Athletics

A vigorous program of inter-college athletics is offered for any student with the ability and desire for such competition to continue participation at a level which will be a distinct challenge to his capabilities. A total of 180 team positions in this program are filled each year by about 150 student participants. Competition is provided in these sports:

Badminton, Basketball, Bowling, Canoeing, Cross-Country Running, Curling, Golf, Hockey, Cross-Country Skiing, Volleyball, Wrestling.

Competition is with the following Colleges:

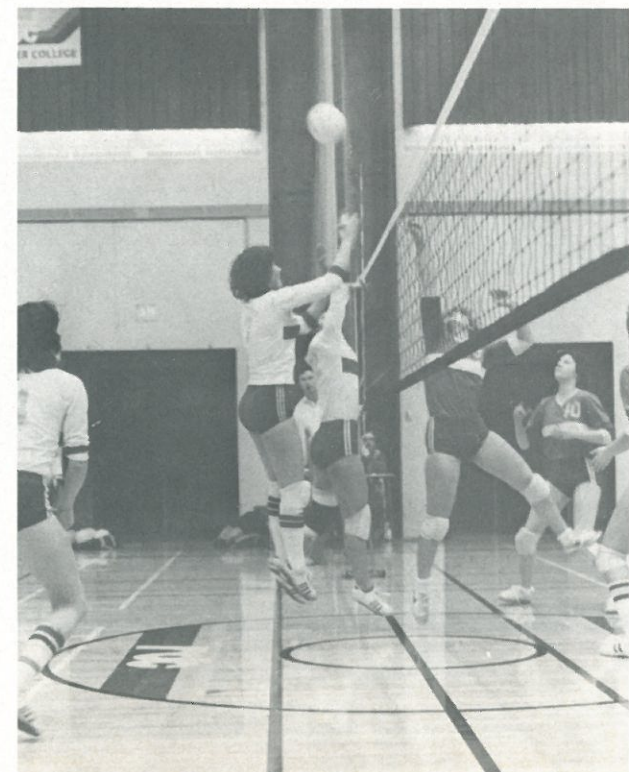

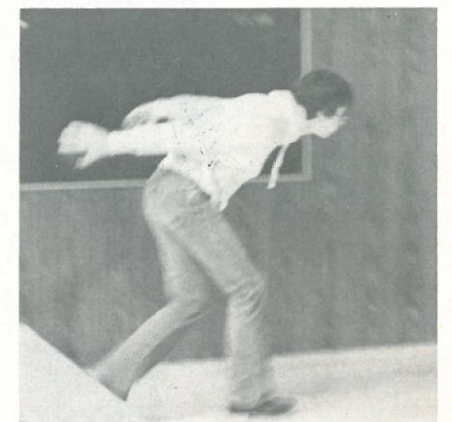

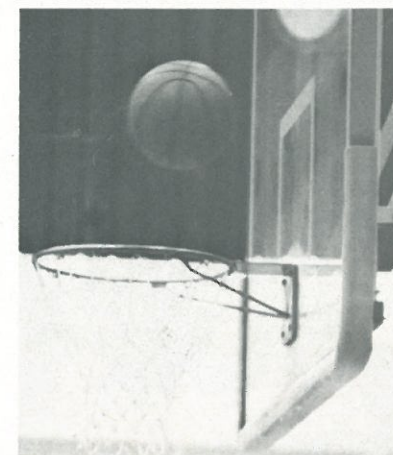

Camrose Lutheran  
Grande Prairie  
Grant McEwan  
Lethbridge  
Medicine Hat  
Mount Royal  
N.A.I.T.  
S.A.I.T.  
Olds

The Director of Campus Recreation, Ian Reid, with the cooperation of the College Athletic Board, organizes and administers a comprehensive program of recreational sports for all students, faculty, and staff.

The primary purposes of the program are to develop recreational skills and to encourage sportsmanship and friendship among the students and staff of the College through athletic competition, instruction and other recreation activities.

Individual and team competitive sports for men and women include canoeing, slow-pitch, golf, cross-country, basketball, swimming, volleyball, squash, handball, racquetball, floor hockey, skiing, archery, bowling and curling. Also, mini-courses on bridge, backpacking, canoeing and other activities are offered through campus recreation.

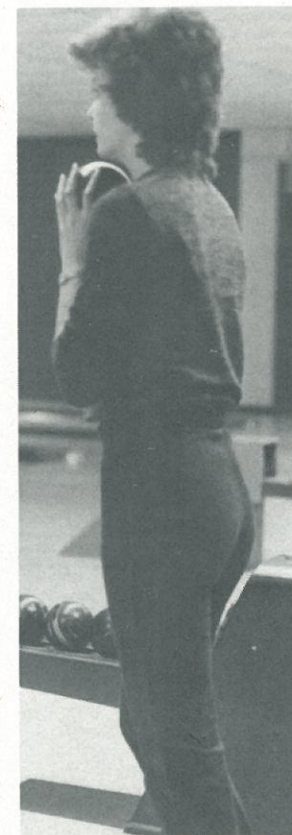

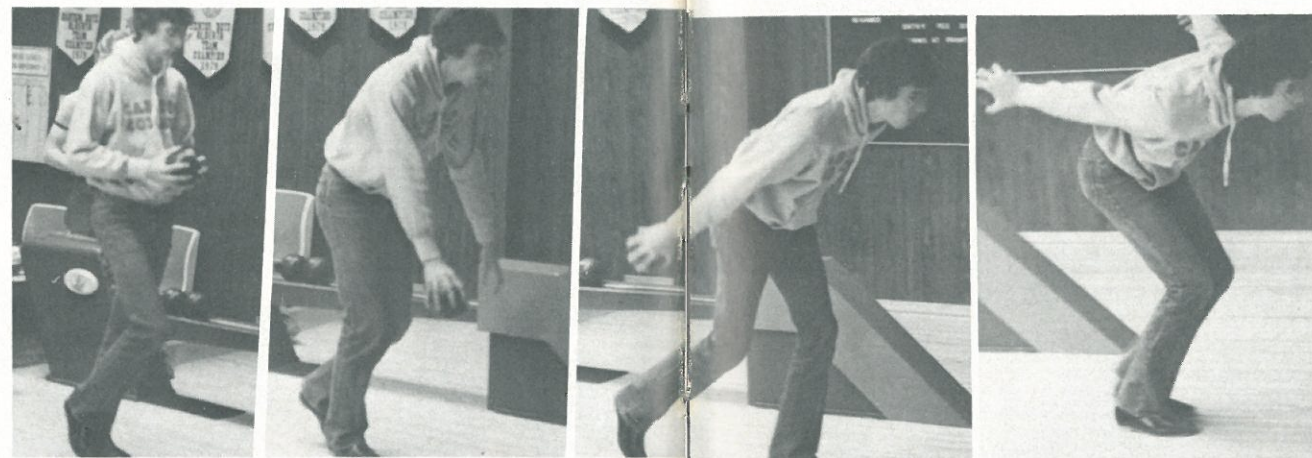

Bowling has been a part of the R.D.C. Inter-Collegiate Athletic Program for at least 13 years. Hardly a year has gone by without at least one of our bowling teams winning at least one medal. Seven returning bowlers will combine with 8 newcomers to defend last year's medals.

Returnees include Kelly Kloss, Wes Amendt, Bob VanSomeron, Darcy Beddingfield, Betty Lucianovich, Gwen Irwin, and Theresa Hutchinson.

The bowlers are bowling in their own Inter-Collegiate Bowling Classic late in January and are culminating their activities in the Alberta Colleges Athletic Conference Tournament in Grande Prairie in mid-February.

This year's hopefuls include Barry Bartlett, Darcy Knoll, Tony Lawrence, Gary Mawer, Ron Pelletier, Scott Pfeiffer, Duane Weaver, Char Hill, Gail Sparrow, and Karen Price-Jones.

#### A.C.A.C. CURLING

Red Deer College will be entering three teams in the tournament to be held in Grande Prairie in mid-February.

Members of the curling team are: Darryl Bartlett, Dave Cronquist, Brian Chomay, Terry Glover, Debbie Beres, Jackie Woods, Chris Curtice, Sheri Eisner, Herb Swift, Joanne Davignon, Steve Williams, and Tannis Boyko.

The spares for this year's team are: Randy Scarlett, Jackie MacArthur.

Darryl, Brian, Steve, Chris, Sherri, and Joanne are all the returnees from last year's team.

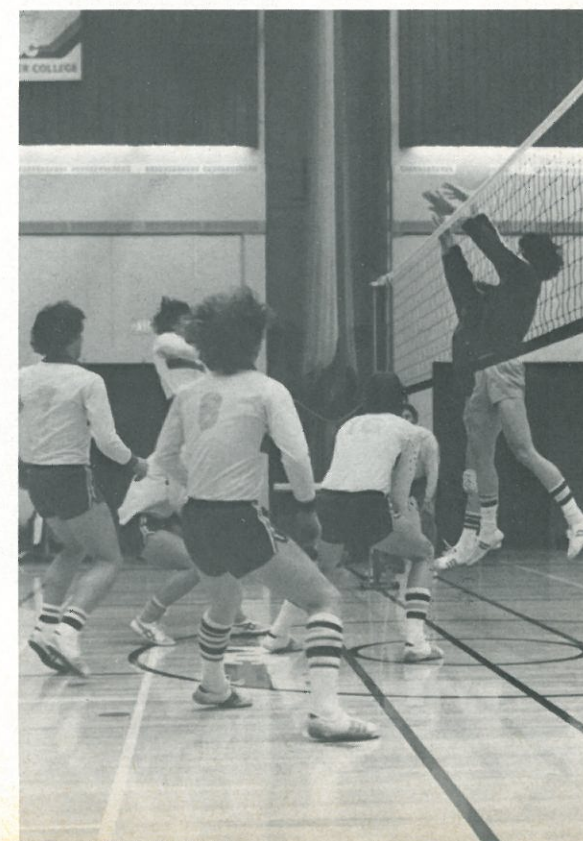

#### 1980-81 A.C.A.C. BADMINTON

Red Deer enters this season as definitely a rebuilding year. Bonnie Dearing is the only returnee from the 1979-80 club which finished second overall. Bonnie placed third in Women's singles last year. Ian McPhail a transferee from Camrose, placed third in Men's Singles in A.C.A.C. competition last year which makes him a welcome addition to our squad.

On the Men's team side those trying out and showing a tremendous amount of promise are: Kiang-Yen Ong, S.K. Chong, Vincent Wong, Greg Zak, John MacNaughton, Terry Lee, and Alvaro Bustamante.

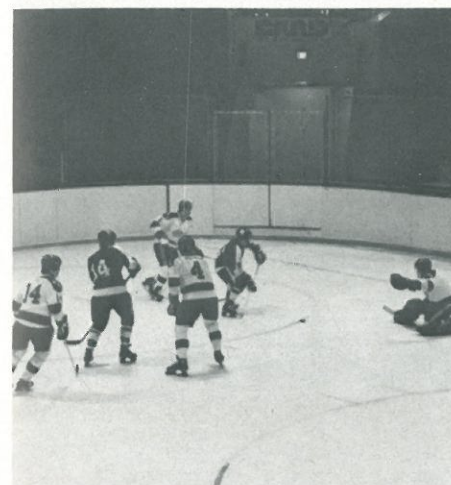

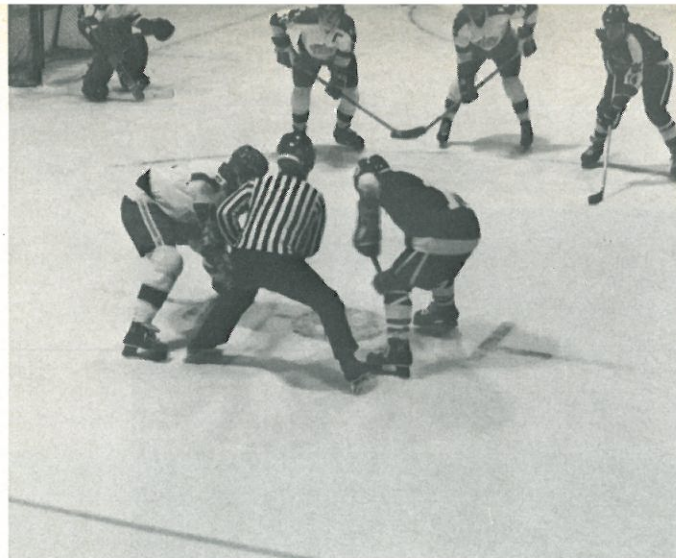

For the Women's team our hopefuls are: Elaine Grodaes, Fay Lockrem, Paula Hoschika, and Corinne Brewster.

# 1980-81 A.C.A.C. HOCKEY

This season dawned with only ten returnees from the 1980 Canadian College Champions, 4-West Champions and A.C.A.C. Champions. They were Rob Dyck, Scott Hucal, Ron Rogers, Gord Dodd, Ron Parent, Warren Bell, Ray Kieth, Brad Helfrich, John Kulych and Bernie McNeil. This was a year for rebuilding our team with over twelve rookies on the team. They are: Dave Bourne, Joey Engert, Nat Fenton, Trevor Gaalaas, Colin Grant, Al Hough, Gord Ing, Dave Langston, Mike McMillan, Jim McMullen, Dave Pearson, and Brian Smith.

Holding the position of team captain is Robby Dyck with Ron Parent and Gord Dodd being assistant captains.

The returnees in management are coach - Al Ferchuk, and manager - Bob 'Rudy' Bennett.

Dave Reichelt joined our club as trainer and did a fantastic job.

At press time the Kings were in second place with an 8-5 record and S.A.I.T. in first place with a 13-2 record.

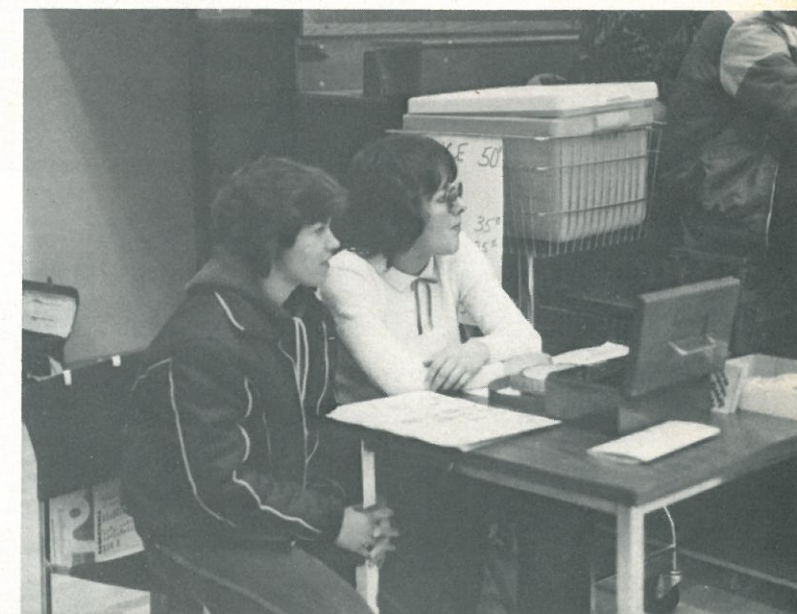

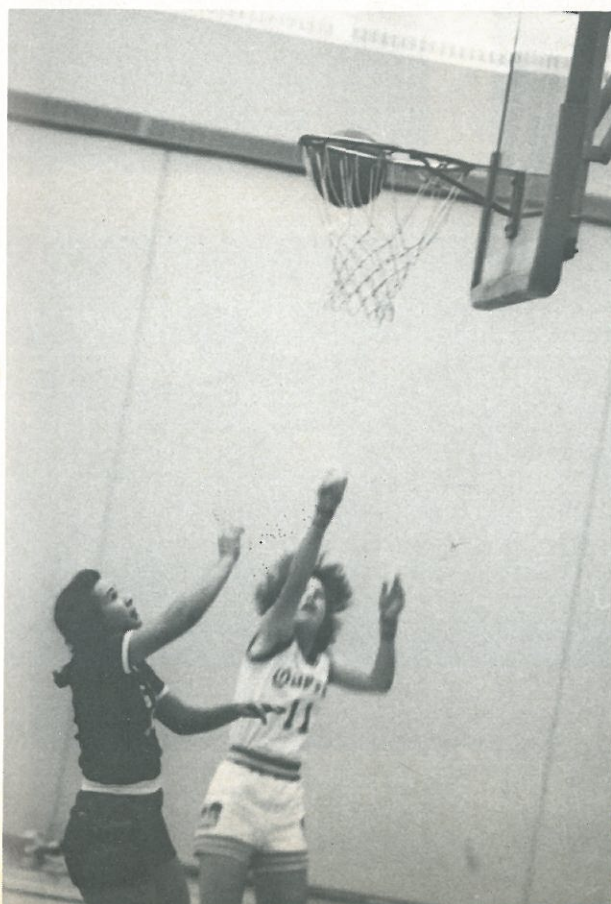

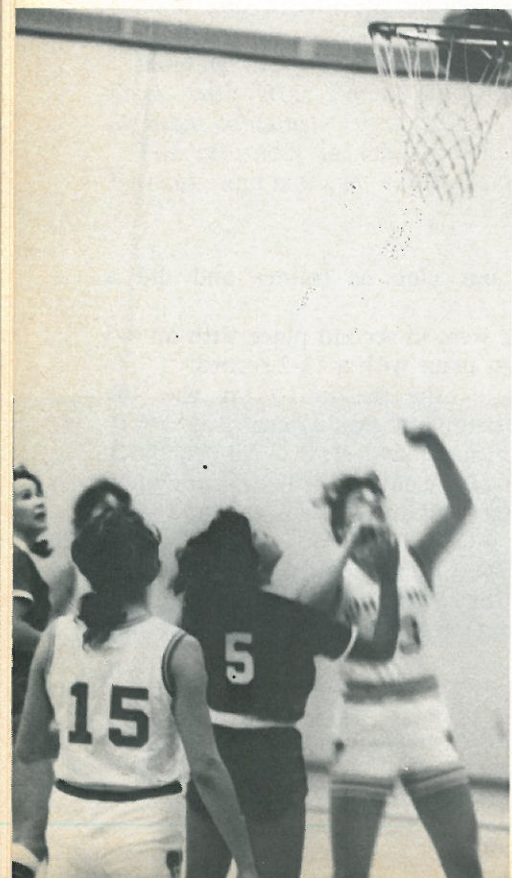

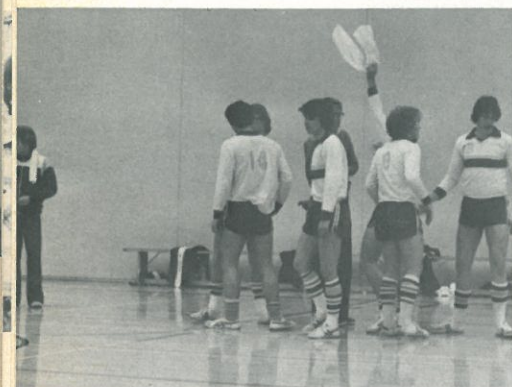

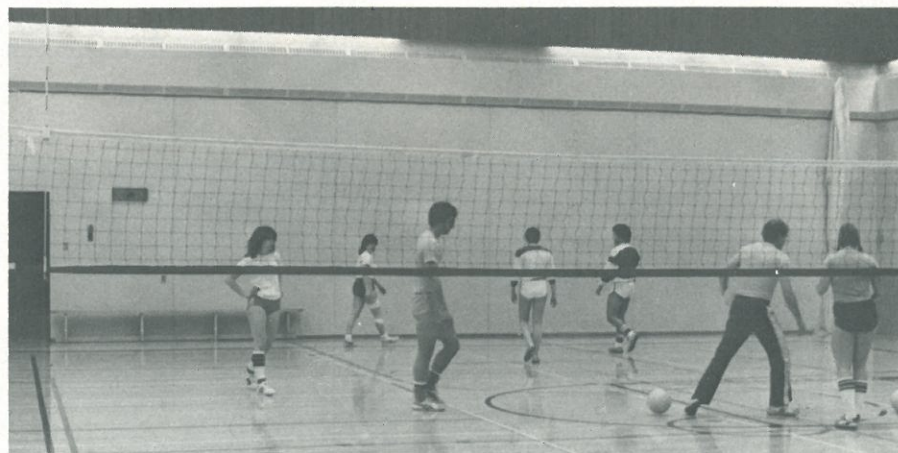

One of the highlights of the season so far was the Camrose Viking Cup tournament held January 1-5. Junior A teams from Sweden, Finland and Prince Albert, Sask. participated along with College teams such as Centennial College from Scarborough, Ontario, Camrose and Red Deer.

The Kings took bronze beating Centennial Colts 6-3. The Finns won gold beating Prince Albert Raiders 8-6.

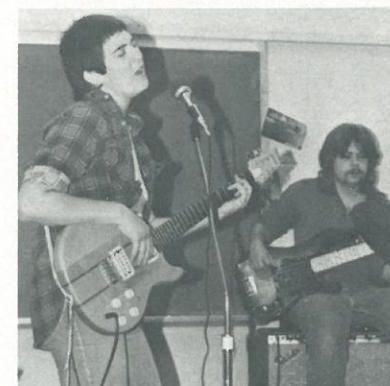

This was a good learning experience, both culturally and in hockey for us.

# Volleyball and Basketball

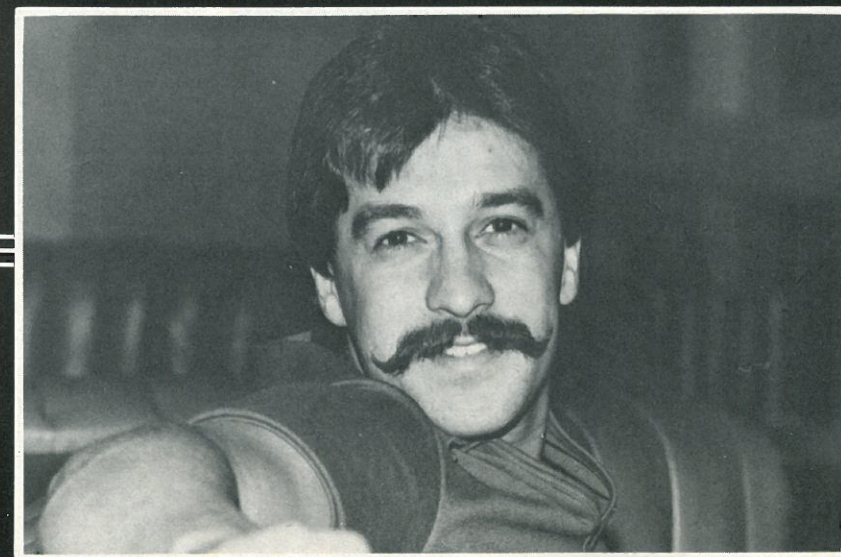

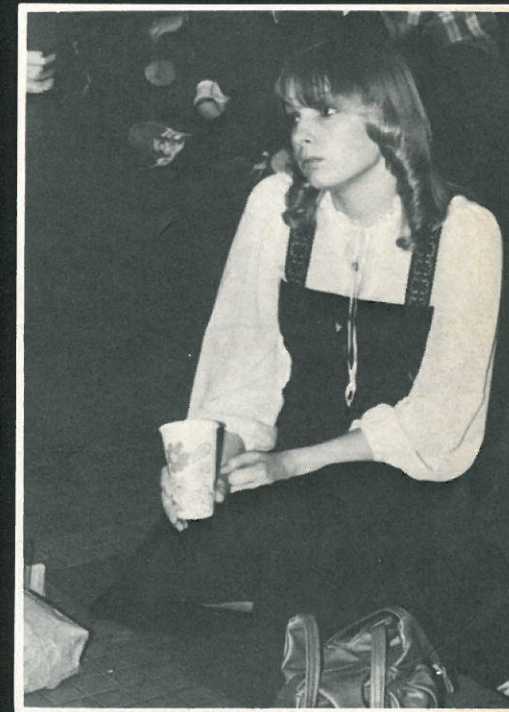

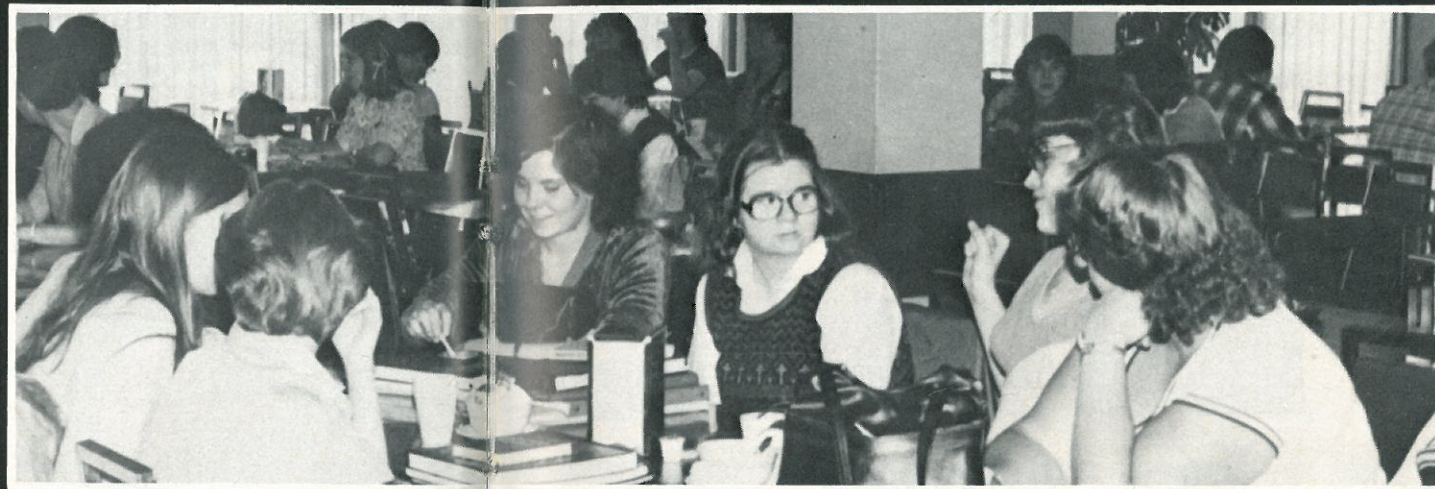

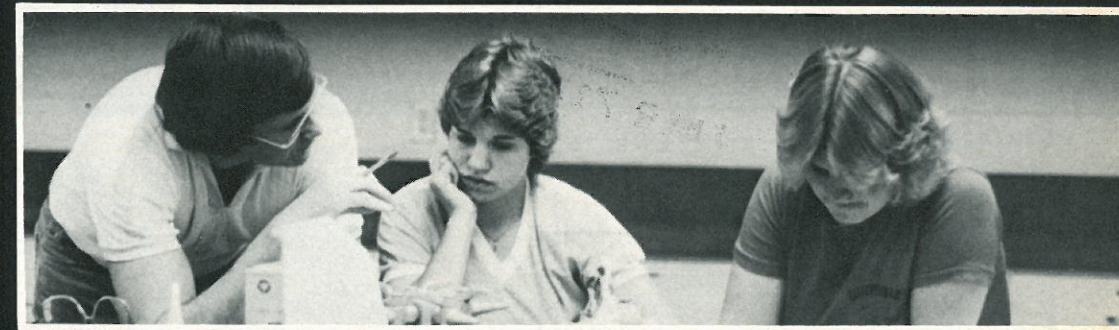

The Red Deer College School of Music, directed by Keith Mann, is in its third year of growth and is contributing extensively to the community in both education and entertainment. The main core of this program is a two-year diploma course of studies for students wishing to pursue a professional or commercial career in music. Studies are centered around performance and music business courses. To augment this program the School of Music offers university transfer courses for Bachelor of Education students, a Conservatory Program featuring specialized class or individual music instruction, and an extensive Performance Program featuring Concert Choir, Symphonic Winds Concert Band, Jazz Ensemble, plus brass, woodwind and other ensembles.

## We Contribute ...

Without the dedicated dilligence of some very special people, this whole educational experience would not be possible. Three cheers for the faculty and their great support staff for trying to educate us even when we weren't quite sure we wanted to learn. And one cannot forget the blood, sweat and tears donated by the volunteer staffs of R.D.C.'s special products. These include the Yearbook and Bricklayer staffs. Thanks again for all the hard work!!

some nights have a way of leaving us with delicious memories.

Seems that everyone has at least one, a special night with someone special. You went to a show, or a game or whatever and ended up in a nice restaurant. A great meal. A great time.

The restaurant could have been Boston Pizza. Maybe it was. Maybe it will be.

Tonight.

# The CGA Designation...

Your next step  
on a  
great career path

The Certified General Accountant designation can help you get to the top in financial management. Because it tells potential employers that you have successfully completed an intensive training program which combines academic knowledge with extensive on-the-job experience. They'll know you are prepared to meet virtually any financial challenge in such areas as accounting, auditing, income tax planning, business consultation and financial management.

The CGA designation after your name denotes professional status. You could earn it in less than two years, depending on your qualifications. Start planning to further your career goals today. Discuss your future with a CGA Career Counsellor.

Losing to the Yanks

It is now 11 years since Prime Minister Pierre Trudeau likened living with an elephant to "sleeping with an elephant." One is affected by twitch and grunt. Things haven't improved, in fact experts on both sides are saying relations across the border have plummeted to a five-year low. The Yanks think Canada is getting too chippy over minor issues, Canadian negotiators wonder why the Yanks always win.

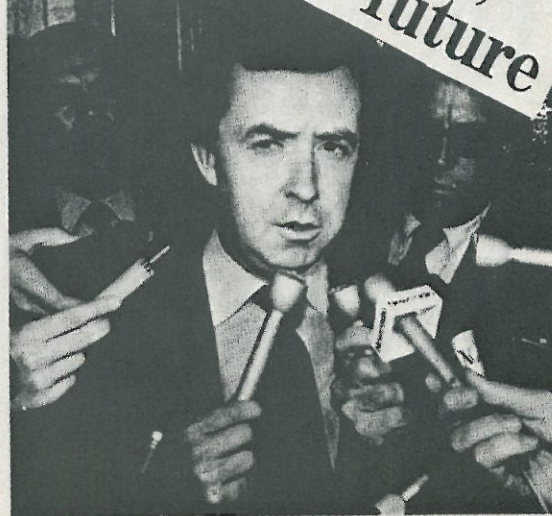

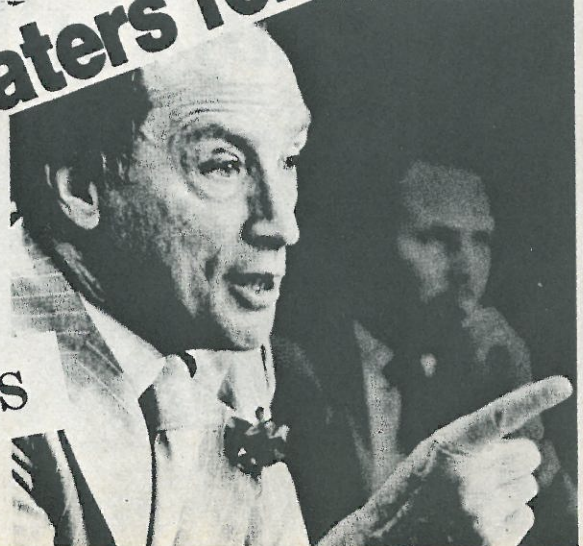

By Wayne Skene

In the end, it was no bombshell. The announcement last Thursday by Alberta Energy Minister Merv Leitch increased unilaterally the price of oil by \$2 a barrel, effective Aug. 1, and natural gas by up to 30 cents per 1,000 cubic feet, effective Sept. 1. Instead of a hell-for-leather start to another federal-provincial gunfight, the Canadian public was treated to the second act in a rather courteous but timid Alphonse and Gaston routine. Gingerly stepping to raise the price of Alberta oil to \$16.75 a barrel (still far below the world price of about \$36), following the failure of the Trudeau-Lougheed round of negotiations in Ottawa, was really the bottom line for Alberta. Anything bolder would have provoked the wrath of the federal government. Anything less would hardly have been worthwhile. In fact, the \$2 jump was the only point agreed upon at the ill-fated Ottawa meeting.

Amid bells, cannon, music Reagan sworn 40th president

WASHINGTON (AP) — Ronald Reagan was inaugurated 40th president of the United States today, summoning Americans to "an era of national renewal" amid bells and cannon, music and pageantry that became a celebration, too, for 52 American hostages reported freed from Iran.

A Tehran airport policeman said the hostages were out, but as he walked to the inaugural stand to yield office, President Carter said "yet."

At the stroke of midnight, passed from Jimmy Carter, Democrat, to Ronald Reagan, Republican. Denied a second term, he watched as Reagan raised

his right hand, put his left on a family Bible, and swore the simple, 35-word oath of office. A 21-gun salute boomed out over the Capitol and the marble monuments of U.S. government.

Moments before, George Bush had taken the almost identical oath of vice-presidential office.

With all the creative energy at our command, let us begin an era of national renewal," Reagan said in his inaugural address. "Let us renew our courage, our strength. Let us renew our hope. We must dream

new administration began with a pledge to confront and handle "an economic affliction of the worst proportions. We must act today in order to preserve tomorrow. And let there be no misunderstanding — we are going to act, beginning today."

The new U.S. president said his country's economic ills "will not go away in days, weeks, or months, but they will go away."

"In this present crisis, government is not the solution; it is the problem," Reagan said, a line sounded during his campaign in the quest that won him the White House by a landslide last Nov. 4.

The nature of heroism

U.S.A. Heroes do what no one else would even think of doing

Presidential balm for bruised voters

By Michael Posner

"The expected recession is likely to be mild and brief." So said President Jimmy Carter in his March Economic Report to Congress. As millions of Americans will now attest, the recession has been neither mild nor brief, and the grand fiscal strategies proposed six months ago are now going the way of the eight-cylinder engine. Inflation continues to erode the dollar, key U.S. industries—auto, steel—are in crisis, and American productivity is in decline. A bleak scenario, especially in an election year.

Only in Canada?

The U.S. actors' strike has caused at least one star to find work elsewhere—at Toronto's Metro Zoo. Spotted lurking in the zoo after-hours last week

was blonde beauty Carol Lynley. She and her canine co-star, London, were taping an episode of *The Littlest Hobo* in which they investigate mysterious disappearances at the zoo. Lynley, 38, took the job after work on a three-hour episode of *Charlie's Angels* disappeared when actors took to the picket line. A connoisseur of zoos all over the world, Lynley says she loves working with the animals. "Although you always have to stay a little behind a large cat," she says. "If they're going to attack, they'll always go for the person in front of them."

**NINE TO FIVE**

Lily Tomlin's Violet Newstead in *Nine to Five*—jungle-red lipstick and matching earrings—is a crackling comic statement. Under Violet's poker face is a contempt for all the bureaucratic bull she has had to endure at the corners of her eyes and around plotting revenge. As she gives the grand minnow in the secretarial pool at Con-solidated, her demeanor is so archly solidified, her secretary (Elizabeth Wilson) hands her another martini-like memo. Violet replies deadpan: "Thanks, Roz, I know just where to stick it." Violet is the kind of secretary who can eat a ham sandwich, do complicated calculations and keep half-a-dozen people in a holding pattern on the phone all at the same time. But it's a thankless job: go get coffee, buy my wife a scarf, keep your desk spic 'n' span. Her boss Hart (Dabney Coleman), keeps taking the credit for her ideas and then passes her over for her long-awaited promotion (she's a support).

## The wise owl of Rideau Hall

*'Life for us is more difficult, but it is still full of wonders'*

It had all the trappings, but failed to live up to the full imagery of a "state funeral." There were few tears, save what a savage wind off the Ottawa River could extract, and the streets were almost without mourners as the cortege moved down Parliament Hill toward Notre Dame Basilica. Jules Léger, the 21st governor-general of Canada, might have been amused. His funeral, without the television cameras and cardinals, could have been much like those that take place every day in this country—just the way he would have wished.

Hostages show brave faces to Iranian TV

**By The Associated Press**

A plane carrying the 52 American hostages, freedom bound after 444 days of captivity in Iran, took off today from Tehran's airport, a policeman at the airport said.

The Iranian news agency Pars announced that the harrowing ordeal had ended after 14½ months.

The departure, reported to shortly after 9 a.m. MST, came after negotiations to wrap up a final agreement exchanging the hostages for Iranian assets frozen by the United States.

The 3,000-mile flight to Algiers would take nine to 10 hours, and it was expected the hostages would go on to a U.S. Air Force hospital in Wiesbaden, West Germany.

There were reports from Western sources monitoring the hostage situation in Ankara that flight plans filed by the Algerian aircraft included a refueling stop in Ankara or Damascus, Syria, Rome, or Athens.

The report on the hostages' departure came in the final hour of President Carter's term of office. He had tried to complete an agreement with Iran on Monday, but as the hours slipped away, Carter was deprived of a chance to greet the hostages before he left office.

Thus, the reported freedom for the Americans — 50 men and two women — coincided with the end of the Carter presidency as power was transferred to Ronald Reagan at inauguration ceremonies in Washington.

The hostages were seized Nov. 4, 1979, by young Moslem militants who stormed the U.S. Embassy in Tehran. They said the hostages would be released if the

United States handed over Shah Mohammad Reza Pahlavi, then undergoing medical treatment in the United States. The Shah found refuge in Egypt and died in Cairo on July 27, 1980.

Release of the hostages would end 14½ months of negotiations, American economic and diplomatic pressure and the failed attempt last April to send American commando teams to Tehran to free the hostages by military action.

The 52 Americans were the remaining hostages from among 98 seized by the Islamic revolution in Iran.

The hostages include diplomats, U.S. Marine guards, communications specialists, teachers and a businessman. They range in age from 20 to 64. About 20 are servicemen.

Since then, the Indo-Chinese refugees who have come to be called the Boat People, have stepped into our living rooms, our churches and synagogues and into our hearts. ## AN EXERCISE IN FAILURE

came in weeks of intense negotiations with Algerian diplomats acting as intermediaries.

On Dec. 19, the Iranians demanded that the United States deposit \$24 billion in cash and gold in Algeria as a guarantee that Iran's financial demands would be met, including its demand for the late Shah Mohammad Reza Pahlavi's wealth.

The U.S. rejected this and, on Jan. 2, offered a counter-proposal — only the approximately \$10 billion in Iranian government assets frozen by the U.S. would be returned, in installments linked to arrangements for resolving claims and counter-claims by the two sides.

On Jan. 7, Iranian negotiator Behzad Nabavi said Tehran generally accepted the latest proposal, and the next day Deputy State Secretary Warren Christopher flew to Algiers to establish closer contact through the Algerian go-betweens.

After the failed commando operations last April, the Iranian military announced they had scattered the hostages in more than a dozen cities to forestall another rescue attempt.

Throughout most of the crisis, three of the hostages — led by Charge d'Affaires Bruce Laingen — remained in custody at the Iranian foreign ministry.

But in early January the Iranians reported the three had been moved to another, secret location.

The 27-acre embassy compound was stormed by 300 to 400 young Iranians the morning of Sunday, Nov. 4, 1979. The Iranians were angered by Carter's decision two weeks earlier to allow the ailing Pahlavi to enter the U.S. for medical treatment.

## The constitution push is on

Prime Minister Trudeau's caucus gave him the green light to bring home the BNA Act on his own and opinion polls showed similar support. The remaining question: when?
