ACCEPT ME

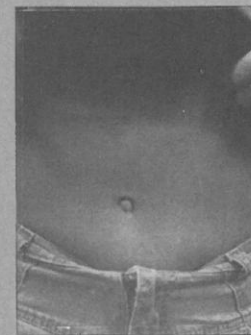

I am I
Do not change me
Condem Me
Nor put me down
Accept me for what I am.

No ... you need not agree with me
But accept me
For I am total in Being
I have my faults
I have my guilts
But that is who I am.

Perfect I will never be
Allow me to be uninhibited
Do not pressure me into feeling
What I do not feel.

Accept me when I am flying high
As I have accepted you when
You were flying high.
Do not put me down nor make me feel
Unhappy about me
I am I
and I like being what I am
Me.

PRESIDENT'S MESSAGE

*"Would you tell me please, which way I ought to go from here?" queried Alice.
"That depends a good deal on where you want to get to," replied the Cat.*

Like Alice, determining where we want to go is a decision we all face. Occasionally we come to a crossroad where we must reassess our direction and focus on issues which may significantly affect our future. This year, Red Deer College reached a crossroad. Significant time and effort was directed at establishing a strategic plan to guide us into the 1990's.

As part of this planning process the College's mission statement was reviewed and the underlying philosophy was developed to better reflect present realities and to reaffirm our beliefs.

Inherent in these beliefs is the importance of the student. Not only is there a continued commitment to providing quality education, but also to providing services which will enhance the learning process and support the student.

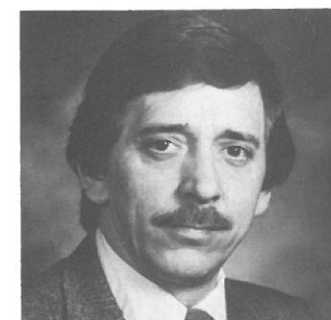

Although this strategic plan must be updated each year to reflect new developments, it acts as a road map to aid us on our journey to the future.

As a student, you too must chart your path. I believe that your education and experiences at Red Deer College will certainly start you in the right direction. Good luck in the future.

STUDENTS' ASSOCIATION PRESIDENT

This year has been a very successful one at R.D.C.. In the S.A. especially, we feel that we can pass many important accomplishments on to next years' students. As a result, there are many people to thank, though too many to name here. I would, however, like to offer special thanks to my Executive and Council without whose tremendous contribution little would have been possible. I would also like to take this opportunity to thank those members of the Faculty and Staff here at R.D.C. who make this place all the best that it is. Without your dedicated commitment to the students, year after year, this institution would not be the place it is.

On a personal note, this year has been for me a year of tremendous growth. I would like to encourage anyone returning next year to get involved as much as possible. It is worth it all!!! For those not returning, I hope you go on to meet many new challenges and many new friends.

In closing, I would like to thank the yearbook committee for tackling the formidable task of trying to capture all of those things which we will fondly remember as our mutual "legacy" here at R.D.C.. You have done an excellent job and I thank you on behalf of the students. In parting, I would like to echo the unforgettable words of my predecessor Howard Thompson; I hope perhaps one day we shall all meet again at the Far Side, until then cheerio...

Brent Walker
Students' Association President

EXECUTIVE VICE PRESIDENT

This is a year on which I will reflect long after I've completed my role as a student. The opportunity I have been given to act as a spokesman for the rights and interests of students, has given me insight into the mechanics of this political world. I can only hope my efforts as your representative have helped, in some small way, to make your stay here at R.D.C. a rewarding one.

I look forward to the future of all of the students of R.D.C.. I feel that the small school atmosphere lends itself to greater individual growth and this creates graduates that are prepared for future challenges.

Until our paths cross again,

Phil Rauch
Executive Vice President

VICE PRESIDENT ACTIVITIES

Well, well, well, what to do, what to do?

OK, let's be serious; this past year at R.D.C. has definitely been the experience of a lifetime. Let's take a stroll down good ole memory lane.

It all started in Banff, Safeway ... catch that B.W.? Shinerama, most successful year thus far, End of Summer Beach Bash, Halloween Bash, "Miami Ice" Winter Carnival, Valentine's Bash, Fashion Show '87, and the last but well remembered Ender Bender Beach Bash. Oh yea, I've got some undergarments: Mitch, did you lose a pair?

This term in Office for me has been a real growing experience from bad to good times. Thank you for all the support this year and I hope many of you have enjoyed it as much as I have:

"I think back to the trees. The spruce will continue to grow in strength and beauty. The elms may change but will still remain dependable. The more tender trees will no longer be there. The seedlings will be growing and proving themselves. Such is the way of friends. Time, with it's passing, allows no one to remain unchanged."

Good Luck to Everyone

Cindy Stilson
Activities Vice President

VICE PRESIDENT ACADEMICS

Well, here's to the end of another academic year at Red Deer College, an extremely satisfying and busy year for me.

I hope that everyone has had a great year, and that many of your individual goals were achieved. I know for myself that this year has proved to be invaluable in the amount of knowledge and personal rewards I have gained.

There are many people over the last twelve months that have provided an incredible amount of support and who worked hard for the S.A.. Many thanks go out to my fellow executive members, our "little friends on council", who have been great, all the S.A. staff, and to those who were always there to lend a helping hand.

To the faculty, administration, and staff of the College, I thank you for making Red Deer College the institution it is today. To all the students at R.D.C., I would like to thank you for your participation and support. Without your interest and ideas nothing would have been possible. I hope you've all gained from your experiences here at R.D.C., and that the future proves to be both exciting and successful.

Good Luck and the best of times to those of you leaving R.D.C., and to those of you remaining, remember that you are an integral part of this College. Your participation will only enhance your time spent at Red Deer College. Be a part of it.

Bricklayer Staff Marxist? Nyet, Nyet!

by Richard Girardski

Pictured here is that controversial group of students that have for some time now, had complete control over the Red Deer College's only propaganda (whoops) newspaper, The Bricklayer.

Recently, the Committee for a Commie Free College, headed by Students' Association Vice President and Young Liberal Party member, Phil Rauch, the notorious neo-conservative brat, have made allegations that the Editor of The Bricklayer, Richard Girardski, along with the so called gang of three including Catriona Johnsonlav, Dave Johnsonlov, and the notorious

terrorist known only by the code name Rockin' Robinski, are pushing "pinko anti-smoking rhetoric" through the school newspaper.

"Them pinkos are taking over the College," Phil Rauch said, "It's getting so that a guy can't even light up without being called an exploitist bourgeois slime, or an imperialist, capitalist pig. I frankly can't stand it, so I started this committee to flush all them anti-smokin reds out."

"I think that he is taking this communist stuff a little too far, but it has been a rough year and Phil's been under a lot of pressure lately," said S.A. President Brent Walker.

"Phil is sooo cute," added VP Academic Tina Husted.

"If Phil wants to smoke he could just come up to my office," offered VP Activities Cindy Stilson.

Richard Girardski has been apparently hiding out from Phil's gangs of Mauve Shirts who have been marching the hall ripping down No Smoking posters and blowing smoke in the faces of those wearing anti-smoking buttons.

One informed source told us that the gang of three is reportedly awaiting a huge shipment of gag cigarette bombs for a retaliatory strike.

The only real piece of evidence is, however, a note left on the desk of this reporter reading, "Bricklayer not Marxist, nyet, nyet."

QUEENS TO HAWAII

The Red Deer College Basketball Queens trip to Hawaii at Christmas proved to be a very worthwhile experience. Along with the relaxation part of the holiday, they devoted time to the development of their basketball skills. Practices were held early mornings or in the evenings on outdoor courts. The Queens played a total of 5 games against the talented and experienced military teams on the island; two against both the

Air Force and Navy and one against the Marines. The Navy was the number one team and had ex-NBA star Bill Russell's daughter on the team, adding to the excitement. All the games were highly competitive as each game was won or lost by very narrow margins. The game and practice schedule kept everyone busy, but bulging suitcases proved we still had time to shop, bask on the beach and meet a lot of interesting people. Some highlights included the Polynesian Cultural Center, the Arizona Memorial, Sunset Beach; and a favorite for everyone but Barb, sailing aboard the Jada II. Dawn Bader won the bodysurfing championship but only tied for first place in the "Lost Bathing Suit Open" (see page 171). This international experience will long be remembered by everyone.
