Editor's Note

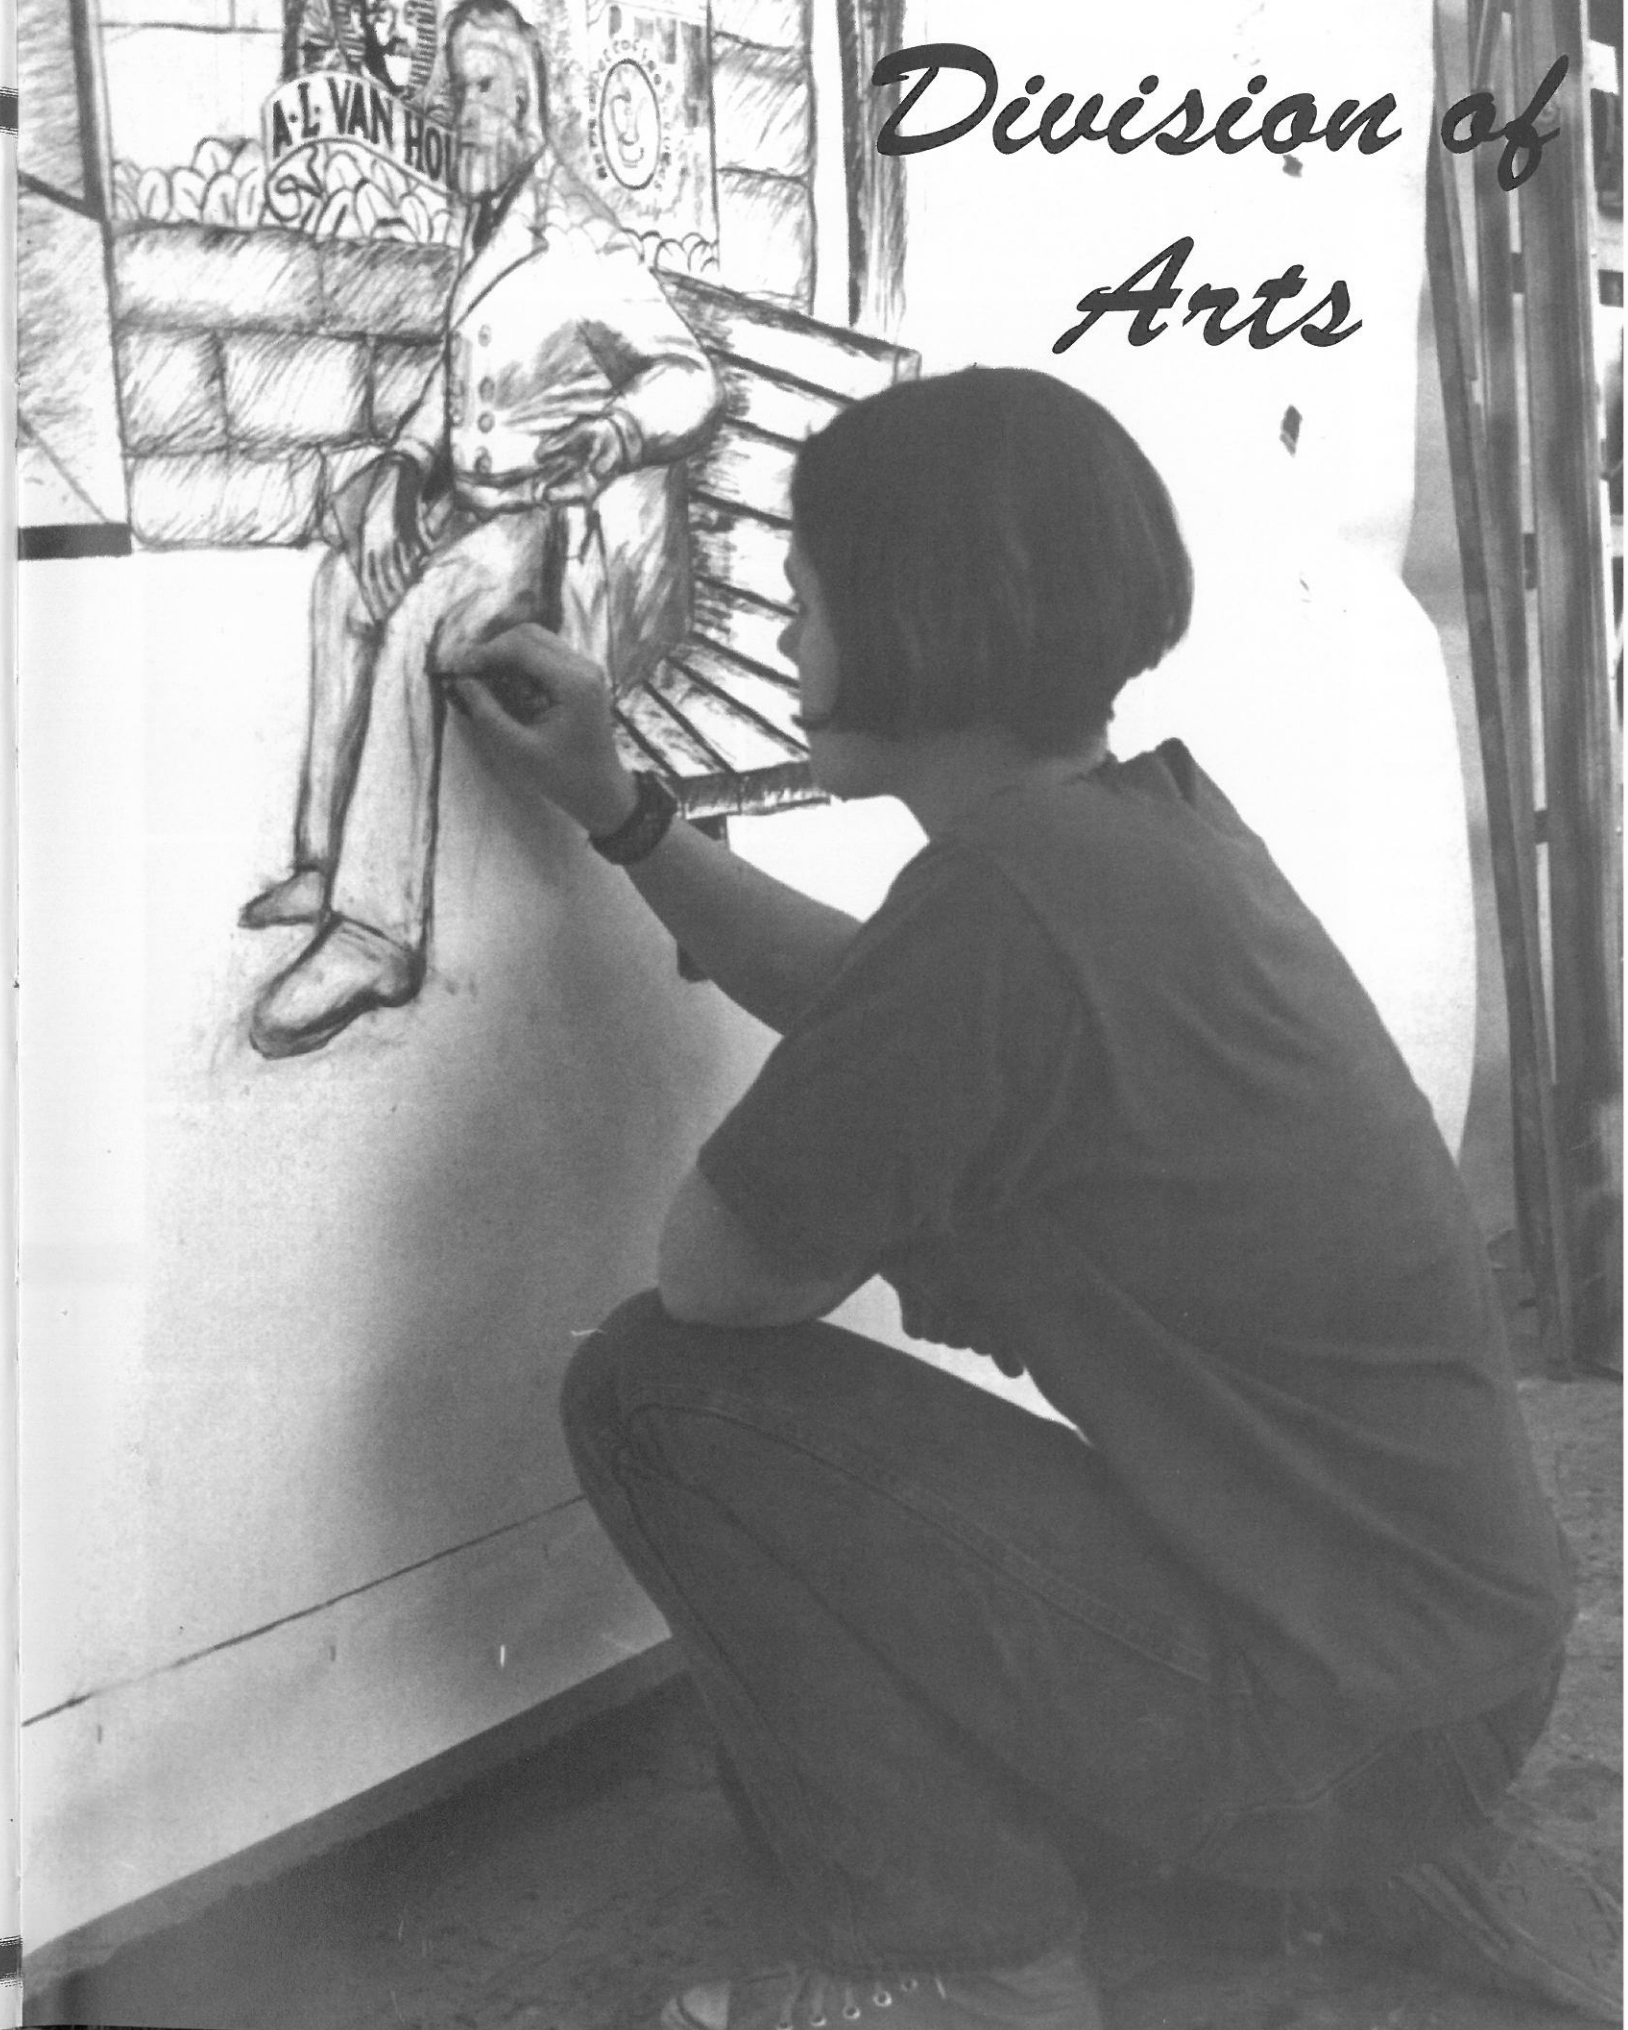

This year, each of us has faced many new challenges. For me, this has meant moving and attending a new school for the first time ever, not to mention the challenge of putting this book together.

I hope that as you look at this yearbook, you can reflect on the challenges that you have worked so hard to successfully overcome, and that you are looking enthusiastically towards the new ones that will come your way.

Thank you to everyone who has helped to make this yearbook possible, and for allowing me the opportunity to make this contribution to RDC! Thanks!

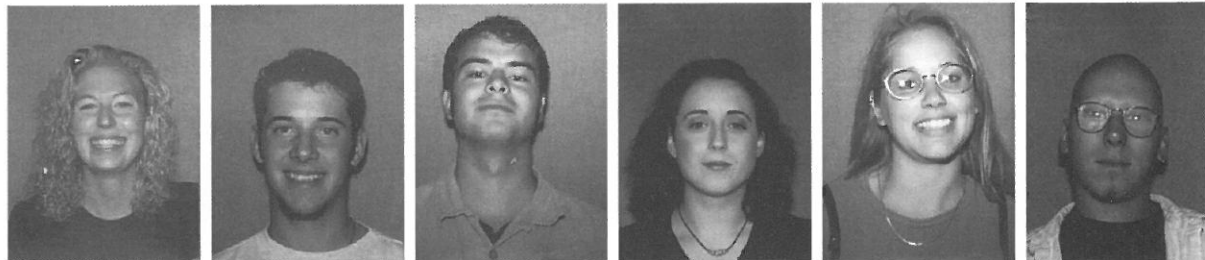

Kristi Schabert
1996/97 Yearbook Editor

The Kings had a successful season once again this year, despite not claiming an ACAC medal. The Kings finished in fourth with a 29-9 record (2nd best record in the conference). The Kings were ranked as high as 6th nationally. The Kings established a new ACAC record this season for a total points scored in one game by two teams (224 - old record was 221,

RDC 113 TKUK 111) This was a veteran team with two unanimous selections to the ACAC all conference team (Derek Zaharko and Kevin deJonge). Although predominantly a veteran team, the Kings do have a core group of talented players returning to challenge the ACAC again next season.

1996 - 1997 Final Team Standings: 4th in ACAC

Cross Country Running

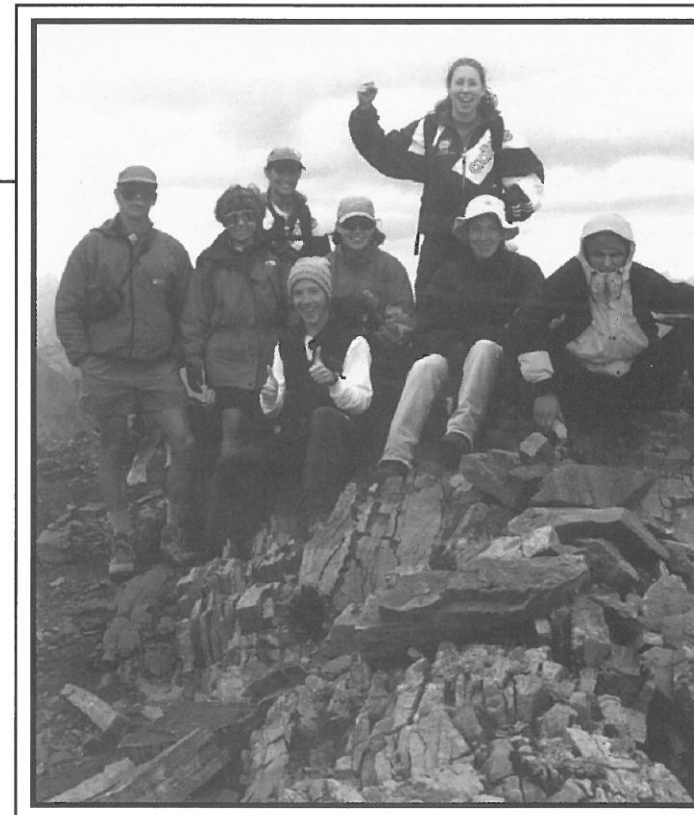

Members of the ACAC team shown in the photograph are:
(back row l - r) Kelly Kessler, Dale Young, Dale Block, George McFadzean, Nadine Arendt, Brian Stackhouse (Coach)
(front row l - r) Shelandra Kujala, Stan Dyjur, Lisa Morgan, Michael Matzanke, Erin Radford, Vanessa Schmidt, Jeff Long, Mike Hird, Kevin Hogg and Gary Poliquin.

Red Deer College Cross Country Running teams enjoyed excellent success, winning bronze medals in both Men's and Women's ACAC Championships, second overall to Augustana University College in the 12 team tournament. Our season started with our annual mountain trip - a hike over the top of Mount Allan this year, numerous exhibition races at other Alberta Colleges, competing in a BC - Alberta College Championship in Kelowna, BC and an awesome wind up party. Overall, an excellent year and a lot of fun !

Cross Country Skiing

Sterling End to a Stellar Season

The cross country ski season once again started months before the snow flew at Red Deer College. Twenty-five hopeful skiers ran with the cross country running team as part of their dry-land training leading up to on-snow practices.

When the snow did arrive the would-be ski racers participated in a unique "Team Challenge". As incentive to ski more often and develop a "team", the student-athletes decided to ski the equivalent distance of the Gobi Desert- some 1000 km! - before the end of the season in March!

Well, not only did they ski the 1000 km, they skied the equivalent of 2 and 1/2 Gobi Deserts - 2500 km! - and well before March! Quite an accomplishment for a group of primarily first year skiers. Many thanks to team captains Myla Rae Baldwin and Mike Hird for maintaining this highlight for the team.

Alberta lived up to its reputation for mixed weather for the 1996-97 ACAC cross country ski season. Temperatures would plummet to -30 or lower for days on end then as quickly rise to -5 only to plummet back to a deep freeze. This pattern seen throughout December and January wrecked havoc on the skier's training, morale and forced the cancellation of two league races.

It was not until early February, after five months of preparation, that the skiers could test their mettle in their first race in Camrose. The team finished second just ahead of NAIT and Lakeland despite missing one of the team's top skiers, Erin Radford, who was competing in Seoul, South Korea as part of Canada's team to the World Universiade Games. This standing after race #1 would mean the next, and last, league race would be even more important as far as final standings leading into the championships in March.

Prior to this showdown of college skiing, 21 student-athletes, parents, alumni, honorary team captains and coaches took part in the Canadian Birkebeiner Ski Festival. The reenactment of a Norwegian ski legend pits skiers against a 55 km trail - carrying a 12 lb. pack! All in all, over 800 km were skied in one day and many found this to be their greatest personal challenge and accomplishment of the season.

Well prepared, rested and full of confidence from their Birkebeiner success, the skiers headed to the last race and championships on a definite high. Eager to show NAIT and Lakeland that the challenging trails of Lac La Biche were a

cakewalk - each athlete skied a personal best! The combined individual efforts rewarded the team with Silver medals for men's and women's competition.

Equally rewarding were the Bronze medal awarded to Dale Young for the Men's Individual 10 km Free Technique and Gold medal awarded to Erin Radford for the Women's Individual 5 km Free Technique. The efforts of the Mixed Relay team of Dale Young, Shelanda Kujala and Kevin Hogg were rewarded with a Silver medal on the last day of the season. Truly a sterling performance by all.

Possibly more rewarding than the medals won was the private concert performed for the team by skier/pianist George MacFadzean following the championship races. Only Bach and Grieg could provide a fitting tribute and conclusion to the 1996-97 edition of the Red Deer College Cross Country Ski Team.

Thank you and congratulations to the 1996-97, RDC Kings and Queens Cross Country Skiers:

The ACAC Soccer program runs from the beginning of September to the end of October with national Championships held in November. Eight teams comprise the league which is split into two four team division, north and south. the Red Deer College Kings play in the north division with N.A.I.T., Concordia and Grant MacEwan College. Southern division teams are Medicine Hat, Lethbridge, S.A.I.T. and Mount Royal. The regular season is comprised of ten league games, with home and away matches within the division and single cross over matches against opposite divisional rivals.

The 1996 Kings ran their record to 3-3-0 at mid-season with wins of over southern rivals Medicine Hat, S.A.I.T., and Lethbridge losing in the south only to eventual ACAC champion Mount Royal College in a well played 0-2 match. Unfortunately the Kings record against teams in their own division was a dismal 0-6-0, losing all their matches against

northern teams. The Kings were frustrated by their lack of scoring and as the season wore on the urgency to score sometimes overrode the need for a patient disciplined game and resulted in losses not necessarily indicative of the play. Finishing 3-7-0, fourth and last in the northern division left little in the way of bright spots in the Kings short season. However, as the youth side of the roster gains in maturity the team will enjoy more equality within the league.

Youth was a necessary emphasis during the 1996 season with 10 of the 18 roster positions being held by players under the age of 20 years and 11 of the 18 in their rookie year of college soccer. This, while providing enthusiasm and unpredictability to the teams character, left us lacking in experience and in certain areas of leadership. However, there is little doubt that the young players coming from the Central Alberta region are displaying increasingly improved skills and talent. The future coaching staff

will be challenged to instil the patience and determination needed to grind out wins against the more mature and experience teams at Grant MacEwan, N.A.I.T. and Mount Royal College.

Parity and future success for Kings soccer will rely heavily on player development in the local minor and senior soccer organizations. Most players will be recruited through these programs and as they mature we will find the advancements in competitive readiness of these players will enable the Kings to compete successfully with the best college teams in the province or nation.

The Queens Volleyball team had a very successful season though the squad fell one win short of meeting their goal of ACAC gold. After a 19-1 regular season (Southern Division Regular season Champions), RDC lost to Grant MacEwan 3-1 to win ACAC silver. The Queens won three tournaments in 1996-97 - the Northern Montana Invitational, the Wild Rose Classic, and the Lethbridge Kodiak Can-Am Classic. Dawn Weidman and

Michelle Boschman, whom are both graduating, were selected as ACAC South All-Stars. At the year end awards banquet, Loreen Leavey was the Queens most valuable player, C.J. Hanson the most improved, Rachel Duthie the best rookie and the coed award winner was Sara Short. Receiving academic awards were Michelle Boschman, Laurie Doonanaco, Sara Short, Erin MacIntyre, and Jennifer Delane.

Front Row L to R: Jacques Plouffe, Colin Stephenson, Bryce Morrison

The regular season saw the two time defending National Championship Kings go 19-1 and remain ranked 31 in the country for the entire year. The playoffs were another story with the Kings losing in a tough final match to Mount Royal College.

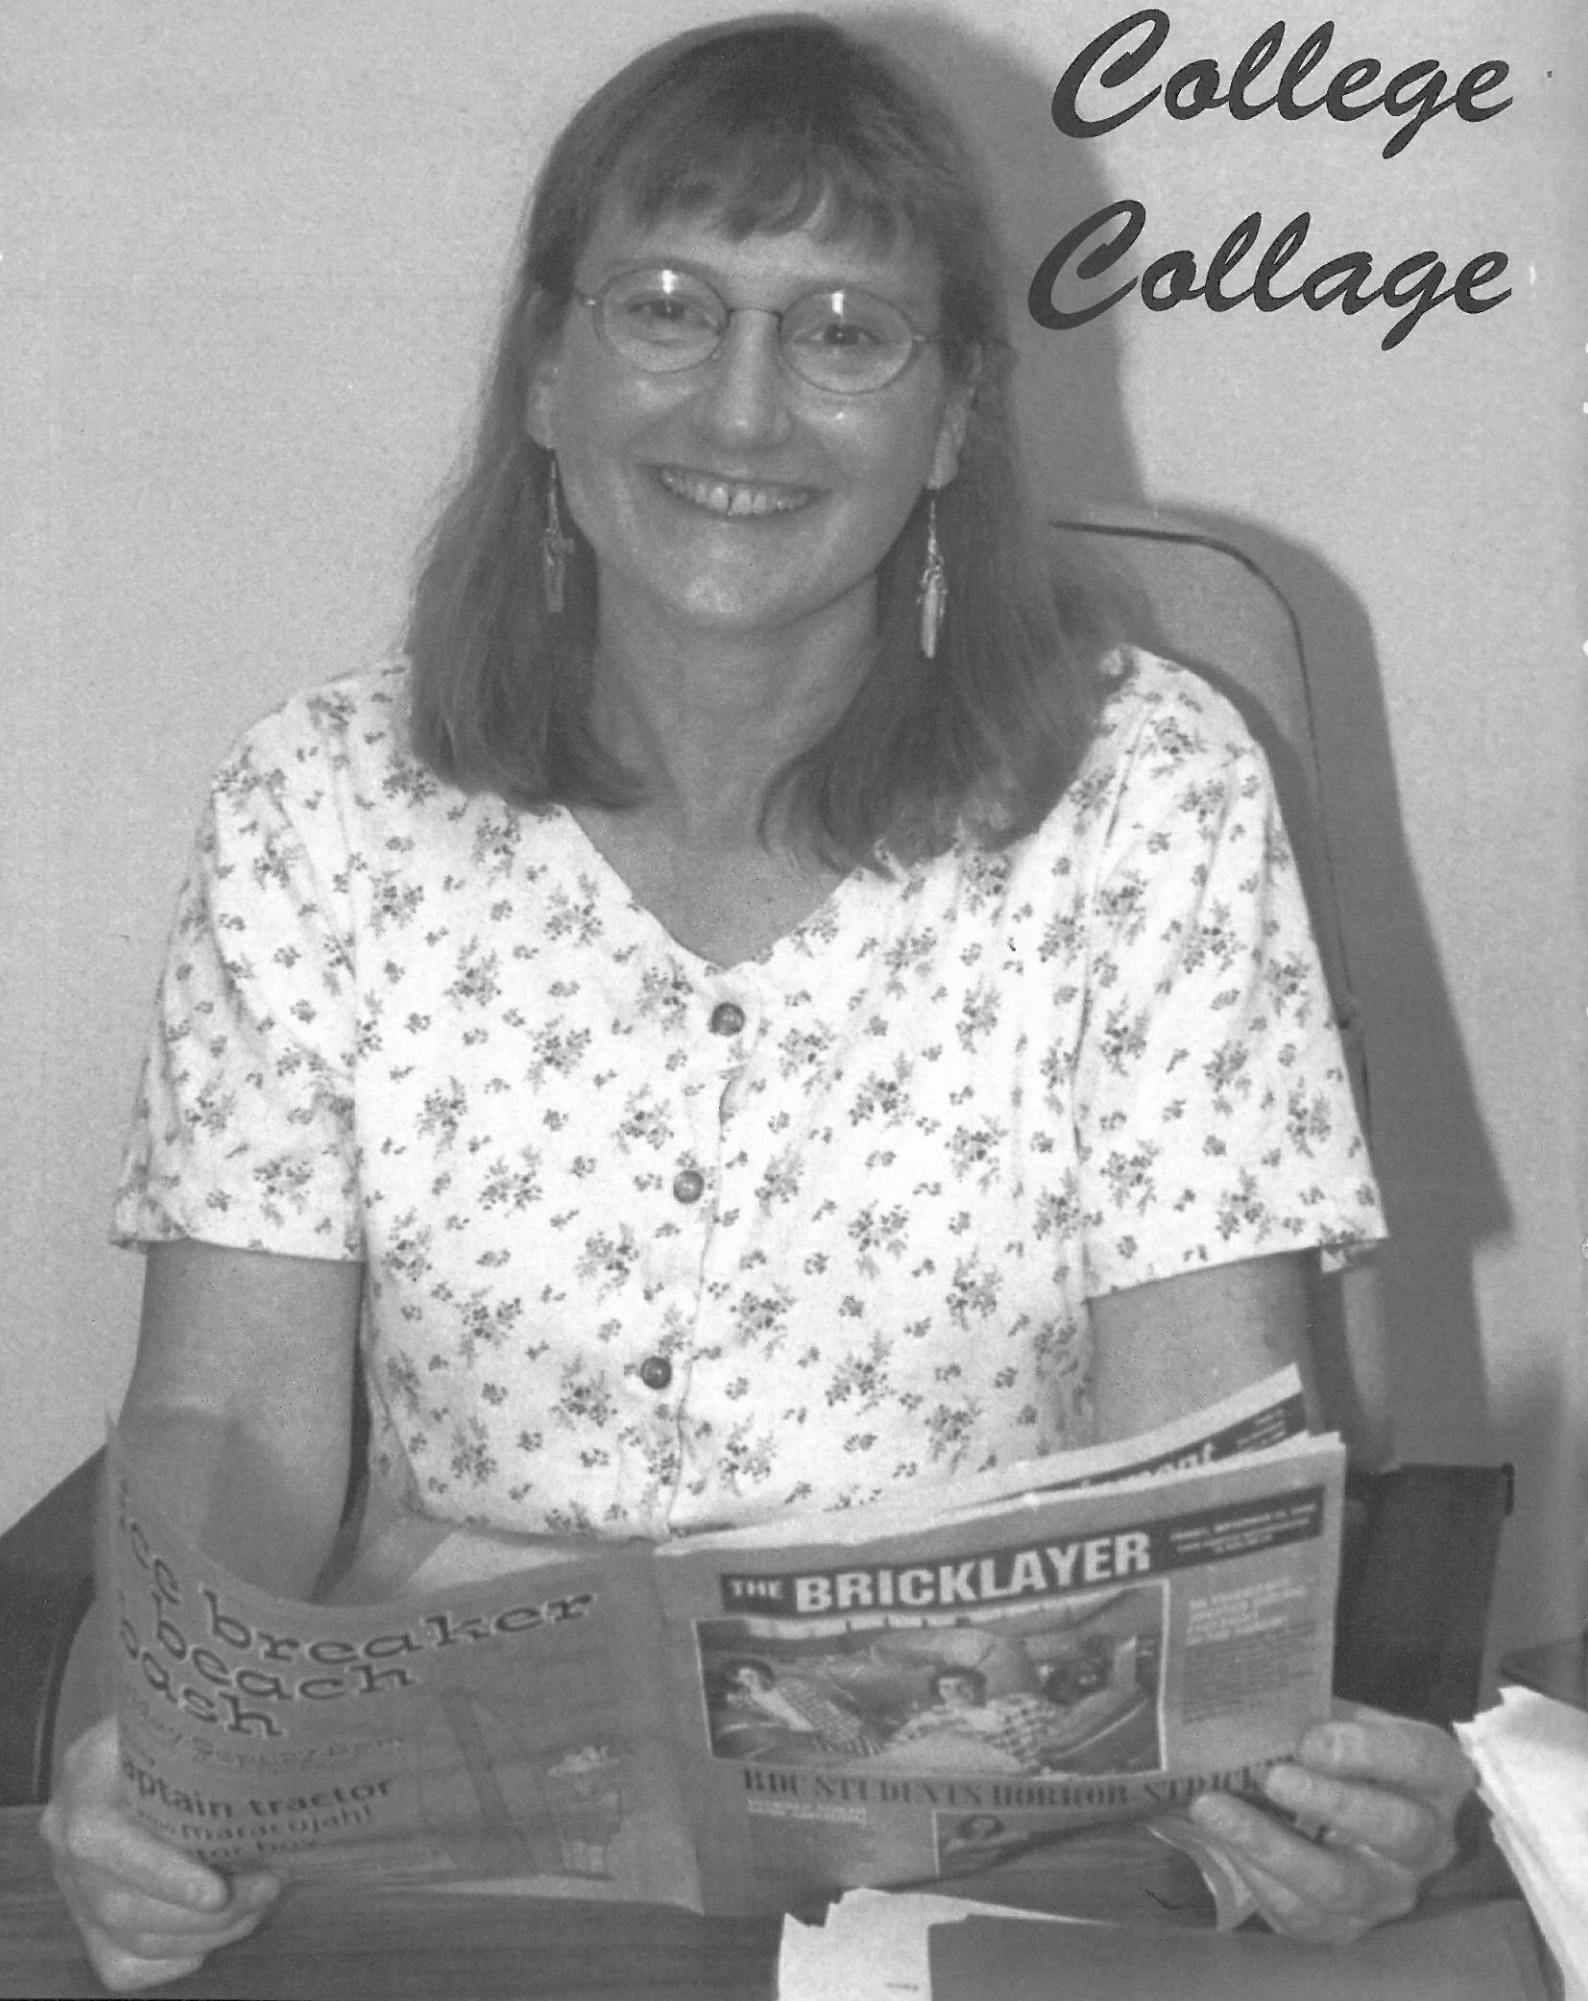

Some highlights for the team were beating the University of Saskatchewan and

the University of Calgary who were ranked #2 and #7 respectively in the CIAU. The season also saw Ryan Oswald selected as an All-Canadian and Jason Moroz and Mike Moes selected as ACAC All Stars.

The athletes and coaching staff would like to thank all of the students and staff for supporting our program.

Yearbook Volunteers

SARDC Executives

So you've received a 1996-97 yearbook, to enjoy and to remember your good year(s) at Red Deer College. What all happened this year anyway? The Rock, Phenomenon, and Independence Day were all box office smashes. Ralph Klein was still the premier, going on to his second term after the provincial election.

And then there was the student president at RDC, Curtis Van Hyfte. A new swim rate was approved for RDC students, the FarSide Lounge created a new kitchen, and for the off-campus events, we had Big Sugar and Captain Tractor.

I am proud to say that I was a representative of this institution, and I know that I gave my best shot at this position, because that is what I had promised, and that is also what you students deserved. I want to thank everyone who was able to contribute to the Students' Association this year, because it showed that you cared for your fellow students. Many students did not have the time to volunteer, and this is understandable because of the heavy workloads in classes. That's what you get for being a student.

May your life turn out just the way you want it to, may you be happy, and hopefully we'll see your successes come from your hard work. Good Luck!!

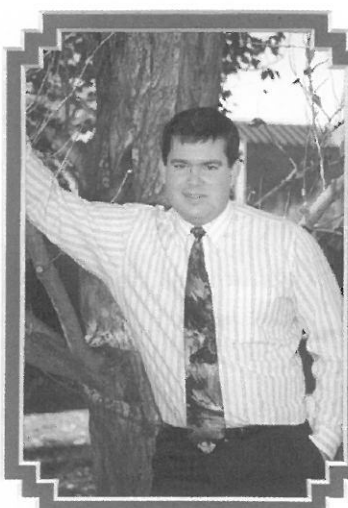

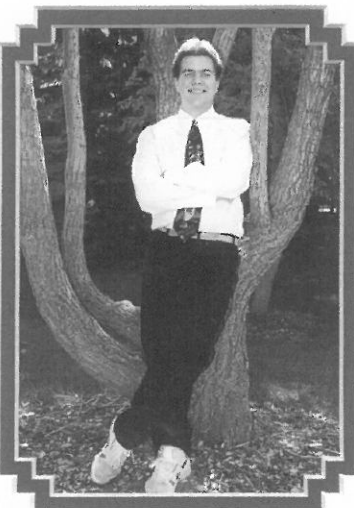

Curtis Van Hyfte
1996-97 President

Well, here's to another great year at Red Deer College! As for many of you, I too have to bid farewell to this institution as the University awaits me. I want to take this opportunity to thank everyone at the college for making this the best two years of my life. The year has been full of many interesting and challenging events. As usual, the year started off on a big bang with One Step/One Stop. I had very dedicated volunteers that spent their last precious days of summer holidays here welcoming new students and keeping me from going insane! We now (finally!) have a Safewalk program on campus. Many thanks to all of you wonderful volunteers!

It's almost March... one might think the semester is winding down, but program cuts have been announced and students are voicing their concerns. It is very exciting for me to see students take this kind of interest. I hope this dilemma causes us to work hand in hand to achieve change. It would be an example for all post-secondary students to follow.

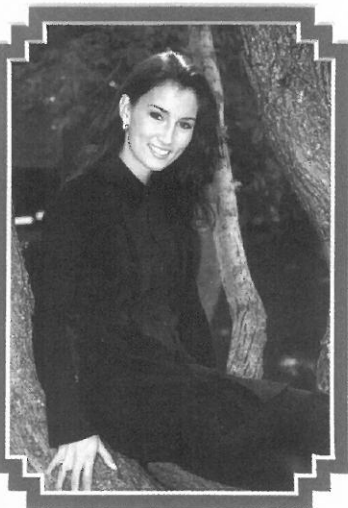

I would like to leave the following words with all of you: "We are always stronger when we unite our voices". Remember, these words will help you in all of your lifelong endeavours. Salut! / Adios! / Until We Meet Again!

Chatelle Molgat
1996-97 Internal Vice President

The end of a school year is filled with mixed emotions, excitement for what lies ahead but sorrow for departing friends. I have met so many people over the year that this time it will be especially difficult to part. For those finished at Red Deer College this year, I wish you all the best in your future endeavours. For those returning in the fall, have a good summer and I hope to see you in September for another fun year!

Mike Mamchur
1996-97 Activities Vice President

It is hard to believe that it is already time to say farewell. It has truly been an amazing couple of years serving you as your Academic Vice President. I cannot emphasize how much I appreciate the opportunity that you, the students of Red Deer College have given me.

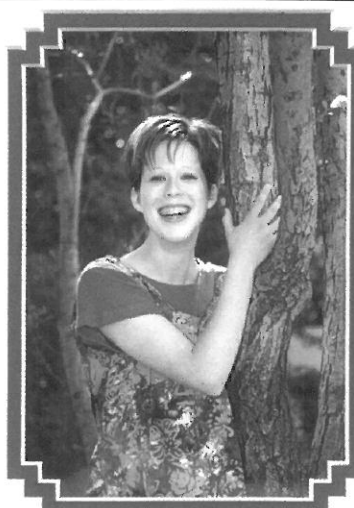

Summarizing two years at Red Deer College is not an easy thing to do. I can honestly say that there has never been a time when I have met so many people, faced so many challenges, and learned so much.

There are sooooo many people I would like to thank, it is impossible to list them all. To my fellow executives, thank you for your patience, and for your support. I will miss you. To

the Students' Association staff, thank you for all of your hard work, you don't often get enough credit for the work you do. A huge thank you to all of the Academic Council, Peer Support, and SAC members, volunteers, faculty, and Senior Administration. It has been a real pleasure working with all of you. I owe so much to my family and my faith, for supporting me through the good and bad times, believing in me, and loving me unconditionally. I love you very much. I have been extremely blessed to have a number of supporting people in my life who have been models for me and have helped me in my walk. You know who you are and I want you to know how much you mean to me. Last, but not least, I would like to thank you, the students. You have believed in me and placed your trust in me, and I am very grateful.

Good Luck in your future endeavours. Energy and Persistence will conquer all things. I will miss you all.

The Aboriginal Club was created to establish a voice for natives here at Red Deer College. We want to promote better communication and understanding between Natives and non-natives. We provide support to registered and prospective Native students, and help them adjust and adapt to college life. We would like to see all native students complete their college program.

We have put on a number of activities this year such as lazer tag, volleyball, Christmas dinner, gift exchange and we helped out a bit with International Day. We had a Taco sale and performances.

We encourage everyone, whether you are native or non-native, to join our club. We welcome everyone.

Our society took part in the "Eyes on Anthropology VI Undergraduate Conference" (February 7 - 9, 1997) in Lethbridge, where three RDC students presented papers, comparable to students from the U of C and Mount Royal College (who gave four and three, respectively). Saturday nights entertainment was booked by the U of L and Horror Vaccui (the Anthropology/Archaeology Society) which included cultural dancing and musical interludes and gave a variety of atmospheres throughout the evening.

Education Undergraduate Society

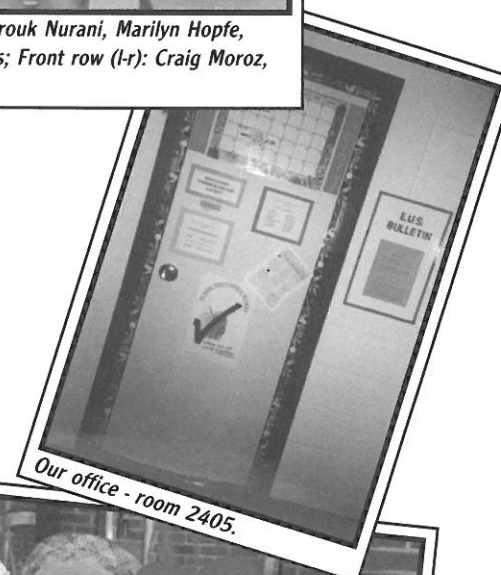

Welcome to the Education Undergraduate Society or E.U.S. for short. We are an active society with over 135 members. We are located upstairs in room 2405. We started our year off with a band, or should I say lightning bolt, with our first general meeting and hot dog roast in the pouring rain. One of our lucky education professors had volunteered to do the roasting. Following his motto of going the extra mile for his students, we were not let down. Other functions we have had during the year were guest speakers on educational issues, bake sales and a pizza party. Also our Study Buddy program was initiated this year. We ended our year with a Wine and Cheese Appreciation Night for cooperating teachers from area schools, education faculty and students. We have been very fortunate to have the support of the Alberta Teacher's Association and the Education Department and faculty throughout the year and we thank them. A goal for next year is to increase our membership and to continue to provide enriching opportunities for education students.

Economics Society

"Nemo nascitur artifex"

The Red Deer College Economics Society was created to supplement member's classroom studies and provide a forum for the further discussion of timely economic issues. Discussion at our meetings is not limited to any one area, but rather our aim has been to stimulate member's interest in economic thought. Featured activities this year included guest speakers, member's presentations, and the organization of field trips. Regular activities included one-on-one tutoring, preparation for exams and review.

Members found belonging to the Economics Society was informative and entertaining. They got to spend time in the company of a group of colourful and diverse individuals they might not otherwise have met.

Visual Arts Society

1996/97 in the Visual Art Society was an extremely busy and successful year. Our membership is growing every year and as a result our activities have become more exciting and successful.

Activities have included a drawing excursion to Royal Tyrell Museum, as well as coordinating the successful Student Gallery and Sale downtown in the former Saverna Nash building for the entire month of December. The members of the Visual Art Society continually support complementary learning experiences such as Life Drawing and Visiting Artists.

The 1996/97 school year has been very exciting for the World Wide Club. The goal of the club is to promote ethnic and cultural awareness and cooperation at Red Deer College. To accomplish this the club has organized events throughout the school year. The first few months of school were spent preparing for International Day. International food was made by the club members and donated by various restaurants in Red Deer. The food sampling and displays were held in the forum, and the evening celebration in the FarSide. This included dances performed by cultural groups

from Red Deer. The second semester will prove to be even more exciting with greater challenges. The International Film and Music Festivals will be held to celebrate ethnic and cultural differences in two of our society's favourite pastimes. But the event which our members are most looking forward to is the International Flavour Soiree. This event will be held on April 2, with displays, guest speakers, and food and wine sampling. This event will probably prove to be the most difficult to organize, but probably the most successful. As you can see, this has been a fantastic year for the World Wide Club.
