LEARNING RESOURCES CENTRE NOTES

Overdue books are a real turkey.

They cost our overworked staff a tremendous amount in added paperwork each week.

They must be costing some of you a bundle too—even though fines are steep, a lot of those books are coming in late, after two or three requests from us.

Believe it or not, we don't need the money. Or want it. The fine is a penalty, a form of persuasion intended to induce the borrower to get the stuff back into circulation on time so that others can use it too. In a way it's kind of selfish to run up a big fine like that.

Wasteful and unnecessary too. After all, it only takes a phone call to get those books renewed. Save yourself some money. Save us a lot of unpleasant work. Thanks.

-Jack Mounce

KINGS    LOSE    IN TIER II    PLAY    IN    AMMVL

The Red Deer College Kings found the going rather tough last Saturday in Alberta Men's Volleyball League Tier II play at S.A.I.T.

Kings were bombed by Mount Royal College Cougars 15-4, and 15-6 in their opening match, then recovered somewhat while losing to the University of Calgary Brontosaurus 12-15, 15-3, and 15-12. Things deteriorated again as the University of Alberta Bearcats won the third match 15-3, 15-12, then R.D.C. had its best match of the day losing a tight one to first place S.A.I.T. 16-14, 13-15, and 13-15.

Red Deer College now moves back to Tier III for the final round of the season.
